

4.0 Analyses of Individual Nonattainment Area

4.6 Region 6 Nonattainment Areas

Based on 2005-2007 air quality monitoring data, EPA has identified no violations of the 2006 24-hour PM_{2.5} NAAQS in any areas in EPA Region 6. The EPA Region 6 states are Arkansas, Louisiana, New Mexico, Oklahoma, and Texas. All counties in these states and all tribal lands in this region have been designated “unclassifiable/attainment.”
