

Industrial Stormwater Protection Webcast

Ready Mixed Concrete, Crushed Stone, and Sand and Gravel

Webcast: Tuesday, September 29, 2009

Three-hour audio Web broadcast

Eastern: 1:00 pm – 4:00 pm

Mountain: 11:00 am – 2:00 pm

Central: 12:00 pm – 3:00 pm

Pacific: 10:00 am – 1:00 pm

Session Description

The U.S. Environmental Protection Agency is offering a free on-line Industrial Stormwater Webcast on Tuesday September 29, 2009 for owners and operators of ready mixed concrete, crushed stone, and sand and gravel operations. The Webcast will help owners and operators improve understanding of and compliance with federal industrial stormwater requirements.

Specifically the Webcast will cover:

- Overview of Federal Industrial Stormwater Requirements
- Review of the Federal Multi-Sector General Permit (MSGP) Applicability and Requirements
- Common Environmental Compliance Issues with the Stormwater Pollution Prevention Plan (SWPPP)
- Examples of Best Management Practices
- Addressing the Myths Associated with Stormwater Compliance
- Addressing Questions on Your MSGP and SWPPP

Presenters Peter Bahor, Environmental Protection Specialist, US EPA HQ, Washington D.C.
Murray Lantner, Environmental Engineer, US EPA Region 2, New York, New York
Juan Ibarra, Environmental Scientist, US EPA Region 6, Dallas, Texas
Julie Congdon, Stormwater Compliance Assistance Coordinator,
US EPA Region 10, Seattle, Washington

Registration

To participate in the Webcast, register on-line at
