Course Description

The objective of this course is to provide the basic regulatory framework and technical considerations that support the development of wastewater discharge permits required under the National Pollutant Discharge Elimination System (NPDES) program. The course was designed for permit writers with about six months to two years of experience in the NPDES program, but experienced permit writers wanting a refresher course and other water program staff wanting to learn more about the NPDES program also are welcome.

A course description and registration information are available at:
http://cfpub.epa.gov/npdes/outreach.cfm?program_id=0&otype=1

If you have any questions regarding the course, please contact Betty Peterson at:
betty.peterson@tetrattech.com or call her directly at (703) 385-2190.
