

US EPA Stormwater Program's Webcast Series

Using Outreach and Public Involvement to Meet Your Stormwater Phase II Goals

Webcast: Wednesday, August 9, 2006

Two-hour audio Web broadcast

Eastern: 12:00 pm - 2:00 pm

Central: 11:00 am - 1:00 pm

Mountain: 10:00 am - 12:00 pm

Pacific: 9:00 am - 11:00 am

Session Description:

Learn how to leverage limited resources to produce effective outreach and public involvement campaigns to meet your stormwater Phase II goals and protect our water resources. This webcast will review the basics on developing an outreach campaign, provide tips to preparing eye-catching materials and provide examples from successful stormwater outreach programs across the country.

Guest Speakers: Charlie MacPherson and Ansu John of Tetra Tech, Inc.

Registration: You must register in advance to attend this webcast. Visit the NPDES Web site at www.epa.gov/npdes/training to register.

Note: Your computer must have the capability of playing sound in order to attend this webcast.

Tentative future dates and topics

**9/13/06 Illicit Discharge Detection and Elimination (IDDE) 101
- Program Development (with Jennifer Zielinski from the
Center for Watershed Protection)**

Additional topics to expect next year:

- Low Impact Development 201
- IDDE Field Methods
- Construction Site Inspections 201
- Municipal Maintenance
- Evaluating Your MS4 Program
- Developing an effective SWPPP for construction sites

The materials in this Webcast have been reviewed by EPA staff for technical accuracy. However, the views of the speakers and the speaker's organization are their own and do not necessarily reflect those of the EPA. Mention of any commercial enterprise, product, or publication does not mean that EPA endorses them.
