

US EPA'S ELECTRONIC NOTICE OF INTENT (eNOI) SYSTEM Certifying Officials for NOEs and LEWs

Owners/operators of facilities can apply for coverage under EPA's No Exposure Certification (NOE) and Low Erosivity Waiver (LEW) via the eNOI system. Federal regulations require the certification of Notice of Intent forms by a responsible corporate officer or a principle executive or ranking elected official (for government organizations).

Within the eNOI system, the certification is completed by the "Certifying Official."

CERTIFYING THE NOI

If you are a Certifying Official, you will receive an e-mail from the "NOI Call Center" that notifies you that there is an NOI ready for your review and certification. Each Certifying Official must have his/her own account in eNOI. If you do not have an eNOI account, you must first register through EPA's CDX interface, which provides a central log-in to many of EPA's program systems. To register, go to the CDX home page at: http://cdx.epa.gov/epa_home.asp

Important Things to Know About Using eNOI

- Certifying Officials must log-in to eNOI to review NOIs prepared by staff and submit to EPA. The NOI form is not officially submitted to EPA until the Certifying Official designated by the form preparer certifies the form and received confirmation in eNOI.
- Either the Certifying Official or an NOI preparer can file an NOI, but only the Certifying Official can certify the NOI. NOI preparers (including consulting firms) can have an account in eNOI as a Staff User Role. NOI preparers can designate an existing or enter a new Certifying Official, but the preparer must enter the same e-mail address of the designated Certifying Official as the Certifying Official's eNOI account e-mail address.
- If you need help remembering your security questions, please contact CDX helpdesk at 888-890-1995 between the hours of 8:00 am and 6:00 pm (EST) or by E-mail to EPACDX@CSC.COM
- Your eNOI session will time-out after 20 minutes of inactivity.

STEP 1: Log-in to the eNOI System

Log in through the CDX interface at http://cdx.epa.gov/epa_home.asp to access the eNOI system. Continue from your MyCDX page (pictured right) to access the eNOI system by choosing the link "SWENOI: Stormwater eNOI" at the bottom of the screen. You will be directed to your eNOI user home page.

STEP 2: Review the NOI Ready for Certification

At the bottom of your eNOI user home page, you will see a list of documents associated with your account (example pictured right). Rows highlighted in red indicate that the form is waiting for you to take an action (e.g. waiting for your certification).

Choose "Certify" in the Actions drop-down menu for the highlighted item, and click the "Go" button.

You will see a "Form Review" screen (example pictured right).

Once you've reviewed the information, click the "Confirm and Continue" button at the bottom of this page.

The next screen, "Form Confirm", is similar to the previous "Review" screen. To continue to certify the information, click on the "Certify" button at the bottom of the screen.

Applications Assigned to you as Result of Search

Use this section to complete any draft forms you have saved, certify any submitted forms (if you are a certifying official), view or edit any existing forms, terminate permit coverage, or apply for coverage under a new permit using some of the data from an existing NOI. Please select the action you'd like to take from the drop-down list in the "Action" column and hit "GO" to proceed.
