(1) General Notes:

(1a) General permit data are based on the Permit Management Oversight System (PMOS), a web-based system where States and Regions report the inventory and status of general permits. These permits do not include stormwater general permits, nor vessel general permits.

(1b) A single general permit covers many facilities. The counts/status for general permits represent the facilities covered by the general permit, not the general permit itself.

(2) Permits are considered current:

(2a) if their expiration dates are not older than 180 days from the end of the quarter (e.g., 3/31/2013).

(2b) For general permits, if the expiration date is missing, all facilities coverages are not considered current unless the State or Region has provided supplemental data.

Indicates EPA is the permitting authority. (EPA) indicates permits in authorized States that EPA issues.
