PRODUCT CHEMISTRY REVIEW
RSB

PA Reg. No. or File Symbol 65402-R
Date Division Received 9-30-92
Products Manager No. 31 (Lee)
Product Name VigorOx Liquid Sanitizer
Company Name FMC Corporation

00.0 Comments:

- Revised Confidential Statement of Formula dated 8-25-92 is filled out correctly and completely it is in compliance with PR Notice 91-2 and agrees with the label and is acceptable.
- Enclosed clarification and calculations of active oxygen content satisfies the claim and is acceptable.
- The accelerated storage and stability data of 30 days 50°C is acceptable on an interim basis. The results of 12 months storage and stability data must be received by the Agency within 15 months after the granting of registration.
- In the ingredient statement in the proposed label delete C.A.S. Reg. No's from below each active ingredient.
- Submit the flash point for this product since in the label under physical and chemical hazards it states that "at temperatures above 100°F Vigorox vapors are moderately flammable."
- This formulation is cleared under the Federal Food, Drug & Cosmetic Act for use on food contact surfaces. 21 CFR 178.1010 (b)(3)(i) (25).
