OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

MEMORANDUM:

SUBJECT: ID #707-78 Mancozeb[DITHANE[®]-45M]: Product Chemistry, Series 63
[DEB: #44644] data for the Rohm & Haas "Unregistered Technical".
[MRID: #40880301]

FROM: William L. Anthony
Special Registration Section II
Dietary Exposure Branch
Health Effects Division

THRU: Francis B. Suhre, Acting Section Head
Special Registration Section II
Dietary Exposure Branch
Health Effects Division

TO: L. Rossi/S. Lewis, PM #21
Fungicide-Herbicide Branch
Registration Division (TS-767c)

William L. Anthony
Francis B. Suhre

In this submission, Rohm & Haas has re-submitted the Physical and Chemical Properties (Guideline O, Series 63) for their "unregistered technical" product, Mancozeb.

DEB's Conclusion/Recommendation

DEB has recently reviewed several submissions on the Physical & Chemical characteristics of this TGAI (Memos: G. Makhijani, 11/9/88; 12/16/88; 1/17/89).

We recommend that the registrant be advised that the data requirements, described in Series 63 of our Guidelines, have been adequately fulfilled with respect to their unregistered TGAI, Mancozeb.
