TECHNICAL SUPPORT SECTION CHEMISTRY REVIEW - II

Disinfectants Branch

EPA Reg. No. or File Symbol 76781-G
 Date Division Received 10-20-87
 Products Manager No. 31 (Lee)
 Product Name Metricide Plus 14
 Company Name Metrex Research Company

00.0 Comments:

This formulation is chemically identical with the basic formulation of Metricide Activated Dialdehyde, EPA Reg. No. 46781-1.

Two products differ only in concentration of the active ingredient, Glutaraldehyde.

Metricide Activated Dialdehyde declares 2.0% Glutaraldehyde. This product declares 3.2% Glutaraldehyde.

The other ingredients are in the same percentages.
