

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DATE: August 20, 1981

SUBJECT: EPA Registration Number 239-1046  
Ortho Soybean Seed Protectant: Caswell #. 159

002039

FROM: Deloris F. Graham *DFG* *8/24/81*  
FHB/TSS *E 8/25/81*

TO: Henry Jacoby  
Product Manager (21)

Applicant: Chevron Chemical Company  
Ortho Agricultural Chemicals Division  
940 Hensley Street  
Richmond, California 94804

Active Ingredient:

Captan . . . . .	23.6%
Related Derivatives . . . . .	1.4%
Inert Ingredients . . . . .	75.0%

Background: Submitted Eye Irritation Study. Based on this study the company feels the signal word should be changed from CAUTION to DANGER. Eye Study is under Accession Number 245606. Cite-all method of support used.

Recommendation:

- (1) FHB/TSS finds this study acceptable to support conditional registration of this product.
- (2) The appropriate signal word as determined by the Eye Study is WARNING.

Label:

- (1) The signal word WARNING must appear on center front label.
- (2) The statements "Do not feed treated seed to animals. Do not use treated seed for human consumption. Seeds treated with ORTHO Soybean Seed Protectant, sold or shipped as feed or foodstuffs may be considered adulterated under State and Federal laws." must be deleted from precautionary statements and placed under Directions for Use.
- (3) The statement <sup>on</sup> "Treated seed must be labeled as follows: "TREATED SEED. DO NOT USE FOR FOOD, FEED OR OIL." must be deleted from precautionary statements and placed in Directions for Use.

- (4) The statement of Practical Treatment must be revised to read:

"In case of eye contact immediately flush eyes with fresh water for 15 minutes and see a doctor. If swallowed, give large quantities of water and induce vomiting by placing fingers in back of throat, and call a doctor. For skin contact, wash with plenty of soap and water. See a doctor if irritation occurs or rash develops. Note to Physicians: Emergency Information - call (415) 233-3737.

- (5) Under the heading "Environmental Hazard" the statement "Keep out of lakes, streams or ponds" must be revised to read "Do not apply directly to lakes, streams or ponds."

Review:

- (1) Eye Irritation Study: Chevron; Socal 1537/39:140, June 6, 1980.

Procedure: Nine New Zealand white rabbits received 0.1 ml (33.3 mg) of the solid material in one eye each. Three of the treated rabbit eyes were rinsed for 1 minute, 30 seconds after treatment. Observations made at 1 hour, 1, 2, 3, 4, 7, 10, 14, 17 and 21 days after treatment.

Results: At day 1, 6/6 animals of unwashed group had corneal opacity (5/6 = 10, 1/6 = 15); 4/6 iris irritation (4/6 = 5); 6/6 redness (6/6 = 3), chemosis (3/6 = 2, 3/6 = 3), discharge (5/6 = 2, 1/6 = 3). At day 4, 1/6 had corneal opacity (1/6 = 20); 1/6 iris irritation (1/6 = 5) and 6/6 redness (5/6 = 2, 1/6 = 3); 1/6 chemosis (1/6 = 1); 3/6 discharge (3/6 = 1). At day 7, 1/6 corneal opacity (1/6 = 15), panus observed in this animal. No iris irritation; 5/6 redness (5/6 = 1), 4/6 discharge (4/6 = 1). At day 14, 1/6 corneal opacity (1/6 = 10) no conjunctive irritation. At day 21, 1/6 corneal opacity (1/6 = 10); no other irritation.

At day 1, 3/3 animals of washed group had redness (3/3 = 2), chemosis (3/3 = 1), and discharge (3/3 = 1). No corneal opacity. At day 4, 2/3 redness (2/3 = 1). At day 7, no irritation.

Study Classification: Core Guideline Data.

Toxicity Category: II-WARNING

PRECAUTIONARY STATEMENTSHAZARDS TO HUMANS & DOMESTIC ANIMALSDANGER

Corrosive to eyes. Causes eye damage. May cause allergic skin reactions. Harmful if swallowed or inhaled. Do not get in eyes. Wear goggles when handling. Avoid contact with skin and clothing. Avoid breathing of dust or vapor. If conditions or frequency of use increase the potential of exposure, inhalation can best be avoided by wearing a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR, Part 11. Wash hands after use. Remove and launder clothing before reuse. Do not feed treated seed to animals. Do not use treated seed for human consumption. Seeds treated with ORTHO Soybean Seed Protectant, sold or shipped as feed or foodstuffs may be considered adulterated under state and federal laws. Treated seed must be labeled as follows: "TREATED SEED. DO NOT USE FOR FOOD, FEED OR OIL."

STATEMENT OF PRACTICAL TREATMENT

In case of eye contact, immediately flush eyes with fresh water for 15 minutes and see a doctor. If swallowed, give a large amount of water to drink, make person vomit, and call a doctor. For skin contact, wash with plenty of soap and water. See a doctor if irritation occurs or rash develops.  
Note to Physicians: Emergency Information - call (415) 233-3737.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated.

Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

Inert ingredients	75.0%
*N-(1-trichloromethyl) thio)-4-cyclohexene-1,2-dicarboximide.	

**B → CAUTION: KEEP OUT OF REACH OF CHILDREN.**  
See also panel for additional cautions.

**NET WEIGHT 50 POUNDS**

**Ortho Spectrum Seed Protector** is a specifically designed formulation of **ORTHODIDE** for the treatment of soybean and peanut seeds. Seed protection is afforded sound and to mechanically injured seed against seed and soil borne diseases such as seedling blights, damping off and seed decay organisms at planting time.

Designed specifically for seed protection at planting time, Dethi 100 Syngenta Seed Protector requires no additional seed handling to help seed treated with Seed Protector remain in high seed vigor. Dethi 100 Syngenta Seed Protector lowers the initial stage of seedling establishment. At various recommended dosage rates, this product assures adequate seed coverage and allows seeds to grow faster, thus allowing the seed to emerge more quickly. This product also provides maximum protection. Can be used on previously treated seed.

**CAUTION:** Do not use if you wear contact lenses. Avoid contact with skin. Avoid inhalation of dust. In case of eye contact, immediately flush eye with plenty of clean water. Get medical attention if eye irritation persists. Wash hands after use.

**NOTE TO PHYSICIANS:** Emergency information—call 1-800-235-2323 for human food contamination of feed or foodstuffs. Do not use treated seed for human consumption. Do not feed treated seed to animals. DR140 Soybean Seed, Protectant treated seeds sold or shipped as feed or foodstuffs, may be considered adulterated under state and federal laws. Dispose of container promptly when empty. Do not reuse.

**Do not use this product in fish, streams or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on the label.**

**CONDITIONS OF SALE:** 1. Chevron Chemical Company (Chevron) warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed herein. Chevron neither makes, nor authorizes any agent or representative to make, any other warranty of FITNESS or MERCHANTABILITY, guarantee or representation, express or implied, concerning this material.

2. **Critical and/or unfavorable factors beyond Chevron's control** (even if from eliminating all risks in connection with the use of chemicals. Such risks in critical, but are not limited to, damage to plants and crops to which the material is applied, lack of complete control, and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated herein and even though label directions are followed by the user, stated herein and assume all risks and liability (except those assumed by Chevron under 1 above) resulting from handling, storage and use of this material
