FROM: Robert D. Coberly (TOX)

TO: Robert Taylor (PM#25)

The ocular irritation study conducted 6/2/76 at our Beltsville Lab on EPA#524-GRI sample #MP480 and coded MON0139 Lot No. XHH57 has produced only slight irritation. The corneal opacity in the single washed eye (scored as grade 2 at day 3 and grade 1 at day seven) is considered an artifact.

The signed word "caution" can be used for this formulation only.
