Residue Chemistry Branch

Toxicology Branch

Note to PM:

Subject: Cymbush EEC for use on pecans

Ecological Effects Branch has requested (19 January 1984) that an estimated environmental concentration be performed for cypermethrin (Cymbush) use on pecans.

Exposure Assessment Branch completed a review as requested by Ecological Effects Branch on 19 June 1984 on this same use pattern and chemical. Please refer to that report and forward it to Ecological Effects Branch for their hazard assessment of fish and wildlife.

Robert W. Holst, Ph.D.
