

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

JUN 16 1983

MEMORANDUM

OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

SUBJECT: PP#2F2728 Iprodione on Almonds. Amendment of
February 23, 1983

FROM: Martin Kovacs, Jr., Ph.D., Chemist
Residue Chemistry Branch
Hazard Evaluation Division (TS-769)

THRU: Charles L. Trichilo, Chief
Residue Chemistry Branch
Hazard Evaluation Division (TS-769)

TO: Henry M. Jacoby, Product Manager #21
Insecticide-Rodenticide Branch
Registration Division (TS-767)

and
Toxicology Branch
Hazard Evaluation Division (TS-769)

The subject 2/23/83 amendment to PP#2F2728 (Iprodione on Almonds) was inadvertently resubmitted to RCB for review. The original amendment submission was evaluated by RCB (see M.F. Kovacs 6/16/83 memo re: 2/23/83 amendment to PP#2F2728). In addition, the results of the requested method trial (see M.F. Kovacs October 22, 1982 memo re PP#2F2728) have also been received and evaluated by RCB (see M.F. Kovacs 6/16/83 memo re. Evaluation of Method Trial for Iprodione and its metabolites in Liver and Milk). As indicated in our previous memo, a revised Section F is needed for a favorable recommendation.

cc: R.F., Circu, Reviewer, PP# No. 2F2728, Iprodione S.F.
TOX, EEB, EAB, FDA, Robert Thompson
