1.0 INTRODUCTION

Mobay has withdrawn the recommendation for seed piece treatment of Bayleton on pineapples.

2.0 Bayleton

1-(4-chlorophenoxy)-3,3-dimethyl-1-(1H-1,2,4-triazol-1-yl)-2-butanone

3.0 DISCUSSION and RECOMMENDATION

In its July 8, 1982 review, EFB had requested clarification concerning seed piece treatment. Since this use has been withdrawn by the registrant, EFB now concurs with additional use on pineapples.
