Attached, please find the EAB review of...

Reg. File No.: 214661

Chemical: Cyfluthrin

Type Product: Insecticide

Product Name: Tempo 2

Company Name: Mobay Corporation

Submission Purpose: Exposure Assessment for Lawn Care Operators
and Children

Date In: 23 FEB 88

ACTION CODE: 116

Date Completed: 4 MAR 88

EAB #: 80452

Deferrals To:

 Ecological Effects Branch

 Residue Chemistry Branch

 Toxicology Branch

 Benefits and Use Division

Monitoring study requested by EAB:

Insecticide-Rodenticide Branch
Registration Division (TS-767C)

After a meeting with TB, EAB has determined that there is no need to conduct a dermal exposure assessment for cyfluthrin use on turf. Due to the nature of pyrethroids, inhalation exposure is expected to be negligible. Therefore, EAB sees no reason to require any additional exposure data for cyfluthrin.
