MEMORANDUM

SUBJECT: Request for Expedited Review of Accent (New Chemical)

FROM: Anne Barton, Director *Anne Barton*
Environmental Fate and Effects Division (H7507C)

TO: Anne Lindsay, Director
Registration Division (H7505C)

This is in response to your memo dated October 5, 1989, whereby you requested that the EEB and EFGWB of EFED expeditiously begin review of the submitted data for Accent while the toxicology studies were being completed. You requested that EEB and EFGWB complete its review by February 15, 1990.

Although this request has come to us outside the SOP 3003.4 which requires that complete data packages pass all new chemical screens before being put into review, both EEB and EFGWB expect this expedited review action to be completed as directed before February 15, 1990.

If you have any further questions concerning this request, please contact Bill Evans of my staff on 557-7634.
