AND SIMPLE TO USE.

HARRIS
FAMOUS
ROACH TABLETS

USDA Registration
No. 3-1

HARRIS
FAMOUS
ROACH TABLETS

DIRECTIONS

Use these tablets especially in unexposed areas as roaches and waterbugs do not like light. This product is an insect food that kills roaches and waterbugs after feeding. Crush tablets for use in crevices. Use continually to guard against reinfestation and replace periodically to assure maximum effectiveness. Place in areas inaccessible to children and pets. Roaches will find the tablets because of our special "lure" in the tablets.

Active Ingredient Boric Acid 40%
Inert Ingredients 60%

CAUTION: Keep away from animals, feed and foodstuffs.
