**DIRECTIONS FOR USE**

It is in violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR HOMEOWNER USE ONLY.

USE RESTRICTIONS: Apply only in areas inaccessible to children and pets. Avoid contamination of feed or foodstuff.

**APPLICATION DIRECTIONS**

Harris Famous Roach Tablets are an insect food and contain the HARRIS ROACH LURE. Because of this "lure", roaches and water bugs will find and eat these tablets. Tablets are made soft so that roaches and water bugs may eat them.

To control cockroaches, ants, and silverfish place no more than twelve tablets per room in sites, such as under and behind refrigerator, stove, sinks, tubs, dishwasher, washing machine, dryer; into openings around drains, water pipes, and electrical conduits; and in cracks and crevices along baseboards and corners of cabinets, cupboards and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers, and chest of drawers then place tablets in drawer wells.

Any tablet visible after application must be pressed into cracks and crevices or removed. Reapply as necessary.
