ENVIRONMENTAL HAZARDS
 This product is toxic to fish and aquatic organisms. Do not contaminate water by disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Storage: Store in a cool dry place which is inaccessible to children and pets.
Container Disposal: Do not reuse empty container. Wrap container and put in trash collection.

Bonide quick acting 3 in 1 Flea, Tick, Lice Powder contains **ROTENONE** as the toxicant which is acceptable for use on **DOGS** and **CATS**.

1. This quick acting powder kills fleas and lice in 10-15 minutes. Ticks are killed slowly.
2. This quick acting powder contains a special ingredient which checks "doggy odor". Used throughout the year makes your dog a pleasure to have around.

DIRECTIONS FOR USE

The powder should be dusted liberally over the animal and rubbed in thoroughly down to the skin. Begin at the head and work back, being sure to include legs, feet, pads and between the toes. Sprinkle around sleeping quarters. When scratching is frequent make additional application.

HUNTING DOGS — Give the animal a thorough treatment before going into the field and repeat application on return.

KENNELS — Dust liberally, bedding, sleeping quarters, whelping box. Give special treatment to cracks, crevices where insects may hide. Make repeat treatment as needed.

FOXES, GOATS, AND OTHER LISTED PETS — For fleas, ticks, lice, apply as per the above.
