APR 29 1998

Subject: Label Amendment-Inclusion of Additional Uses
Bonide Products, Inc.
EPA Registration Number 4-370
Submission Dated January 7, 1998

Dear Ms. Montalone,

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following comments:

1. In the section entitled "HAZARDS TO HUMANS & DOMESTIC ANIMALS", the sentence "Wash exposed clothing before." must read "Wash exposed clothing before reuse."
2. Agency PR Notice 96-6 entitled "Pet Pesticide Product Label Statements" and dated October 1, 1996 requires specific requirements on labels of pesticide products which are registered for use on dogs and/or cats. Bonide Products, Inc. All products released for shipment after October 1, 1998 should bear labeling that is consistent with this notice. A copy of the PR Notice may be obtained via the EPA internet site at the following address:
www.epa.gov/opppmsd1/PR_Notices/pr96-6.html

A stamped copy is enclosed for your records. If you have any questions, you may contact Richard J. Gebken, at (703) 305-6701.

Sincerely,

Marion Johnson

DIRECTION FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS: Shake Well before using. For use on carpets, hold upside down and shake powder evenly across surface. Brush lightly with a broom to allow powder to penetrate carpet fibers. Wait 60 minutes then vacuum. For severe problems or where ticks are known to be hiding, wait 2-3 hours before vacuuming. If powder adheres to a spot, brush it out and vacuum immediately. Apply to dry surfaces only. Do not allow powder to become wet. For use on upholstery, remove all loose cushions. Sprinkle along creases, in corners. Brush gently, wait 60 minutes, vacuum. Sprinkle along underside of furniture. Do not use on exposed fabric: may cause staining. Remove bag from vacuum cleaner. Wrap securely layers of newspaper and discard in trash.

*Test hidden surface or upholstery before cleaning. If texture or color is affected, do not use.

Keep people and pets off treated carpet and upholstered furniture during treatment and until area is vacuumed.

Clean carpet AFTER using this product.

FOR CONTROL OF LICE ON POULTRY & PET BIRDS: Dust the powder carefully into the feathers, under the wings, along the back and around the vent. Rub into feathers of head. Nests, roosts, and runways, porches and cages should be thoroughly dusted. Destroy infested food or cuttlebone. Repeat as needed.

FLEAS, LICE AND BROWN DOG TICKS ON CATS & DOGS: Dust the powder onto the animal's hair and work it down to the skin. After treatment, brush or comb the animal's coat to remove dead fleas and lice. Repeat as needed.

BEDBUGS: Dismantle beds completely and dust all parts thoroughly, including mattress seams and box springs. Dust all baseboards and wall cracks thoroughly. Repeat as needed.

FLEAS ON GERBILS, HAMSTERS AND WHITE MICE: Do not use if female is pregnant or nursing young. Dust the powder onto the animal's hair and work it down to the skin. After treatment, brush or comb the animal's coat to remove dead fleas and lice. Repeat as needed.

For information on pesticide products (including health concerns, medical emergencies, or pesticide incidents), call National Pesticide Telecommunications Network at 1-800-858-7378

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given hereon.
