**NOTICE OF PESTICIDE**

**Registration**

**Reregistration**

(under FIFRA, as amended)

Term of Issuance: **Conditional**

Name of Pesticide Product:

**Bonide Snail-n- Slug Beater**

Name and Address of Registrant:

**Bonide Products, Inc  
6301 Sutliff Road  
Oriskany, NY 13424  
attn: Rebecca M. Horton**

**Note: Changes in labeling** differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence with this product, always refer to the most current EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered, effective as of **10/29/2002** under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

1. Revise the EPA Registration Number to read, "EPA Reg. No. 4-451"

Signature of Approving Official:

**Dani Daniel  
Insecticide-Rodenticide Branch  
Registration Division (7505C)**

Date:

OCT 29 2002

<b>If on skin or clothing:</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15 – 20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climatic modification, and being grown in interior plantscapes, ornamental gardens or parks, or on golf courses or lawns and grounds.

The presence of snails and slugs can be detected by their shiny mucous-like trail. They are night feeders and prefer cool places in the ornamental garden, flowers, under boards or flower pots, and around fences, hedges and bushes.

If ground is dry, water area to be treated thoroughly. Do not place pellets in piles. Scatter the pellets around flowers, ornamental plants and lawn areas. Apply one pound of pellets to each 1,000 sq. ft. (40 lbs./acre). Apply only to soil surface around plants. Do not apply to foliage or other plant parts. Always wear protective gloves.

Bait areas likely to be infested at the beginning of the spring planting season before damage occurs. Treatment every two weeks should give satisfactory control. During periods of high rainfall or frequent waterings, it may be necessary to treat more often.

Sprinkle lightly with water after application. Each compressed pellet when moistened from wet ground, rain, or water expands into an efficient, pest-attracting source of bait.

**GREENHOUSES AND LATH HOUSES:** Distribute pellets on and beneath benches, but do not place in pots or flats unless plants are well established. Keep pellets from coming in contact with plants. If soil is dry, irrigate prior to or sprinkle lightly after distributing pellets.

**FRUITS AND VEGETABLES:** To control snails and slugs around the following fruits and vegetables, apply to the soil surface around the plant. Do not contaminate edible parts.

**FRUITS:** Apples, Avocados, Blackberries, Cherries, Citrus, Grapes, Peaches, Plums, Strawberries

**VEGETABLES:** Asparagus, Beans, Beets, Cabbage, Carrots, Corn, Cucumbers, Eggplant, Lettuce, Melons, Onions, Peas, Peppers, Potatoes, Radishes, Spinach, Squash, Tomatoes and Turnips

**STORAGE AND DISPOSAL**

- Storage:** Store and transport in an upright position. Store only in original container, in a locked storage area out of reach of children and pets.
- Disposal:** If empty, do not reuse this container. Place in trash or offer for recycling if available. If partially filled, call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

The buyer must assume all responsibility for use of this product when not used in strict accordance with directions or established safe practice, or when used under abnormal conditions not reasonably foreseeable to the seller.
