Subject: Registration Review Label Mitigation for Boric Acid
Product Name: Bonide Roach Powder with Boric Acid
EPA Registration Number: 4-460
Application Dates: September 21, 2018
Decision Numbers: 551676

Dear Ms. Horton:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Boric Acid Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

Net Wt. _____

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Shake bottle, lift spout, squeeze bottle to spray under appliances, sinks, furniture, around drains, along all sides of closet shelves, under shelf paper, on ledges, wherever roaches develop paths. Be sure to treat basements, attics and garages.
2. Tap a line of powder by holding bottle horizontally and gently tapping spout on surfaces to be treated. Put one line of powder in every drawer, around sides and backs of all cabinets and storage shelves. In cracks and crevices behind sinks and toilets. Also treat behind all office furniture and particularly in file drawers. One pound normally treats an average home of 2,000 square feet.

[Optional alternate text based on product packaging:

2. Tap a line of powder in every drawer, around sides and backs of all cabinets and storage shelves. In cracks and crevices behind sinks and toilets. Also treat behind all office furniture and particularly in file drawers. One pound normally treats an average home of 2,000 square feet.]

For best results, Bonide Boric Acid Roach Powder should be used in every room of a building and applied every place indicated.

[Bottle oversized to aid in squeezing out enclosed product.]

HOW DOES BONIDE BORIC ACID ROACH POWDER WORK?

Since Bonide Boric Acid Roach Powder is non-repellent roaches do not avoid it. When they get near it, the electro-static charged powder clings and is carted back to their nests.

BONIDE BORIC ACID ROACH POWDER KILL WILL ALSO CONTROL INFESTATIONS OF SILVERFISH, ANTS, PALMETTOS, WATERBUGS.

Keep powder dry. If it gets wet, remove and re-apply, to guard against future infestations. Any powder visible after applications must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and feedstuffs.

STORAGE AND DISPOSAL	
STORAGE:	Store only in original container, in a cool dry place inaccessible to children and pets and away from feed and foodstuffs.
DISPOSAL: <i>If empty:</i> <i>If partly filled:</i>	Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. Call your local solid waste agency or call CHEMTREC at 1-800-424-9300 for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed or inhaled. Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water before smoking or eating after handling. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID	
FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL: CHEMTREC AT: 1-800-424-9300	
If Inhaled:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.
If in Eyes:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
If Swallowed:	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.
