Subject: Label Notification(s) for Pesticide Registration Notice 98-10

Dear Ms. Russell:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated September 22, 2011 for the following product(s):

**Bonide® FCS 26**

**Reg. No. 4-478**

The Registration Division (RD) has conducted a review of this request for applicability under PR Notice 98-10 and finds that the label change(s) requested falls within the scope of PRN 98-10. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, please contact Linda A. DeLuise at 703-305-5428.

Sincerely,

Richard J. Gebken  
Product Manager  
Insecticide Branch  
Registration Division (7504P)

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### Shake Well Before Use

Bonide FCS 26 kills fleas and ticks and contains a combination of ingredients that kills adult fleas, as well as flea eggs and larvae. The Insect Growth Regulator in this product kills fleas by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, floor cracks, rugs, pet bedding, drapes and upholstery. This product protects your home from reinfestation while protecting your family and pets from bites. One treatment provides continuous flea protection for up to 210 days and leaves no objectionable odor or sticky mess. When used as directed, this product will not stain furnishings or carpeting.

#### HOW TO USE

##### FLEAS:

Adjust the spray nozzle to create a fine mist. Treat all carpeted areas and all baseboards of hard surface floors. Evenly apply a fine mist to carpets, rugs, drapes and all surfaces of upholstered furniture by using a wide, sweeping motion. Also spray floors underneath furniture, sofas, chairs and beds. Do not saturate surfaces. Treat pet bedding, a primary hiding place for fleas. Retreat every 4-6 weeks, as necessary. Do not spray humans or pets with this product. Do not reenter treated areas until completely dry.

The flea pupae (cocoon) stage is not affected by this product because the product will not penetrate the cocoon. Repeat treatments and vacuum daily to kill fleas newly emerged from the pupae stage.

##### OTHER CRAWLING INSECTS:

In homes, garages and attics this 1 gallon [1 quart] container will treat approximately 1,600 square feet [400 sq.ft.] [equal to 11 rooms measuring 10' x 14.5']. To kill other crawling bugs such as ticks, ants, spiders, roaches, carpet beetles, scorpions, stink bugs, centipedes, crickets, millipedes and silverfish, spray directly on pests.

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Store in original container only in secure or locked storage area.

**Pesticide Disposal:** *If partly filled:* Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**Container Disposal:** *If empty:* Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available, or place in trash.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION:** Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

<b>FIRST AID</b>	
<b>If on Skin or Clothing:</b>	Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on pesticide products (including health concerns, medical emergencies, or pesticide incidents) call the National Pesticide Information Center at 1-800-858-7378.	

**ENVIRONMENTAL HAZARDS**

This product is extremely toxic to fish. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

**LIMITED WARRANTY AND DISCLAIMER**

Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

For information on pesticide products (including health concerns, medical emergencies or pesticide incidents) call the National Pesticide Information Center at 1-800-858-7378.
