**ENVIRONMENTAL HAZARDS**

To protect the environment, do not allow this product to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash it off the treatment area.

This product does not move in or on the soil or build up in the soil to hurt desirable plants growing nearby. Flowers and ornamentals may be reseeded or replanted into treated areas the next day.
