

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

4-500

Date of Issuance:

2/22/21

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

BK32 RTU

Name and Address of Registrant (include ZIP Code):

Sarah H. Kuetemeier
Agent for Bonide Products, LLC
c/o Registrations by Design, Inc.
6301 Sutliff Road
Oriskany, NY 13424

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Continued on page 2

Signature of Approving Official:

Mindy Ondish, Product Manager 23
Herbicide Branch, Registration Division (7505P)

Date:

2/22/21

2. You are required to comply with the data requirements described in the generic data call-ins (GDCIs) identified below:
 - a. MCPA GDCI-030501-1452
 - b. Triclopyr GDCI-116001-1546

You must comply with all of the data requirements within the established deadlines. If you have questions about the GDCIs listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. The request to waive these data requirements is denied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note the product record includes the following alternate brand names:

- **Bonide BK32 Brush Beater Ready to Use**
- **Brush Beater Ready to Use**
- **Bonide Poison Ivy and Brush Killer Ready to Use**
- **Bonide Poison Ivy and Brush Killer BK32 Ready to Use**
- **Bonide Chickweed, Clover & Oxalis Killer Ready to Use**

Please also note that the record for this product currently contains the following CSF:

- Basic CSF dated 02/22/2021

If you have any questions, please contact Julia Kerr by phone at 703-347-0386, or via email at kerr.julia@epa.gov.

BK32 RTU

EPA Reg. No. – 4-500

{Alternate Brand Names:}

- [Bonide® BK32 Brush Beater Ready to Use]
- [Brush Beater Ready to Use]
- [Bonide® Poison Ivy and Brush Killer Ready to Use]
- [Bonide® Poison Ivy and Brush Killer BK32 Ready to Use]
- [Bonide® Chickweed, Clover & Oxalis Killer Ready to Use]

ACTIVE INGREDIENTS:	% by weight
MCPA dimethylamine salt*	0.740%
Triclopyr triethylamine salt**	0.084%
Dicamba dimethylamine salt***	0.072%
OTHER INGREDIENTS:	99.104%
TOTAL	100.000%

By Isomer Specific Method, Equivalent To:

- * MCPA acid0.604%, 0.057 lbs/gal.
- ** Triclopyr acid0.06%, 0.006 lbs/gal.
- *** Dicamba acid0.06%, 0.006 lbs/gal.

{Note: If the design, format, or small size of the container labels makes it impractical to present the entire ingredient statement on the front panel, then add a referral statement and present this substatement on the back panel: “**See back panel for substatement of ingredient statement**”. For example, front panel display of PT or 8 fl oz container is often 9 sq. in. or less. Maintaining minimum font size requirements for KOOROC (6 pt) & SIGNAL WORD (6 or 10 pt), as well as all other text on the label (6 pt), simply doesn’t leave room for the multiple ingredients substatement featured on this label}

KEEP OUT OF REACH OF CHILDREN

CAUTION

See [back] [side] [other] [panel] [booklet] for additional precautionary statements and first aid.

NET CONTENTS XX GALS (XX Liters) [XX QT (XX ml), XX PT (XX ml), XX FL. Oz. (XX ml)]
EPA Est. No. XXX-XX-XXX

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

First Aid	
If in eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to by a poison control center or doctor.• Do not give anything to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact X-XXX-XXX-XXXX [the National Pesticide Information Center at 1-800-858-7378] for emergency medical treatment information.	

Environmental Hazards

This pesticide may be toxic to fish, aquatic invertebrates, and aquatic plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

GROUNDWATER ADVISORY

Triclopyr has properties and characteristics associated with chemicals detected in groundwater. The use of triclopyr in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination.

NON-TARGET ORGANISM ADVISORY: MCPA is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated site. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift.

Triclopyr and MCPA may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water.

Triclopyr and MCPA are classified as having high potential for reaching surface water via runoff for several weeks after application.

A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential loading of MCPA from runoff water and sediment. Runoff of this product will be reduced by avoiding applications when rainfall or irrigation is expected to occur within 48 hours.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read entire label before using this product. Use strictly in accordance with label precautions and directions.

APPLICATION RESTRICTIONS

Entry Restrictions: Do not apply this product in a way that will contact any person, or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until sprays have dried.

This product is for residential use.

The maximum number of applications per treatment site is two (2) per year. Observe a minimum retreatment interval of 28 days.

Do not use on St. Augustinegrass and Centipedegrass lawns. Do not spray Carpetgrass, Dichondra or desirable clovers. Do not exceed specified dosages for any area. Do not apply to newly seeded grasses until well-established (they have been mowed 3 times). Do not apply if rainfall is expected within 48 hours. Do not water for 48 hours after application.

WEED CONTROL FOR ORNAMENTAL LAWNS AND TURF

Where to Apply:

For use on Bluegrass, Fescues, Ryegrass, Bentgrass, Bermudagrass, Bahiagrass and Zoysia Lawns. May cause temporary yellowing of some Bermudagrass turf. Be particularly careful applying within the drip line of trees and other ornamental species. Avoid contact with exposed feeder roots of ornamentals and trees.

For Best Results

Before you apply:

- Do not mow for 1 to 2 days before or after application.
- If soil is dry, water before application.

When to Apply

- Spray when weeds are actively growing.
- Spray when temperature is below 90°F.
- Spray when air is calm to avoid drift to vegetables, flowers, ornamental plants, trees, shrubs and other desirable plants.

HOW TO USE

Shake well. Spray directly onto listed weeds and brush. Spray until thoroughly wet.

{Appropriate directions from below options will be used – depending on the applicator/sprayer used at production}

[Trigger Spray: Adjust spray nozzle to give coarse spray. Hold about 3 to 6 inches from surface to be treated. Aim at center of weed and spray.]

[Applicator Cap: Hold applicator end about 3 to 6 inches from surface to be treated and thoroughly wet. To obtain wider coverage, raise container.]

[EZ Connect Sprayer [Sprayer directions]

- Remove sprayer. Pull cord ALL THE WAY OUT.
- Remove top from cap on bottle.
- Insert [color] plug into spout on cap until it clicks.
- Twist nozzle on sprayer to the spray position.
- Hold sprayer end about 3 to 6 inches from surface to be treated.
- Aim at center of weed and spray]

[QuickShot] [Pump] [Sprayer directions]

- Remove sprayer wand from holster and pull sprayer cord ALL THE WAY OUT.
- Cut cable tie which holds pump handle.
- Rotate Pump handle clockwise to unlock.
- Pump handle until pressure has built up in container.
- Hold sprayer end about 3 to 6 inches from surface to be treated.
- Aim at center of weed and squeeze lever on sprayer wand to spray product.
- After use push handle down, rotate counterclockwise to lock into place.

[Battery Powered Sprayer Directions]

- Remove sprayer from storage holster.
- Slide safety lock to the LOCK position.

- Unwind pickup tube on the sprayer before attaching to the bottle.
- Insert pickup tube in bottle and screw sprayer cap onto bottle.

- Slide safety lock to the ON position.
- Hold about 3 to 6 inches from surface to be treated. Gently squeeze the trigger to dispense fluid. The sprayer may require several seconds for the fluid to prime.

[Battery Powered] [Wand] [Sprayer Directions]

- Slide safety lock to the LOCK position.
- [Use screw driver to open battery hatch and install 4 × AA batteries] [Remove

plastic tab to activate batteries]

- Remove tab from cap.
- Connect the suction nozzle to the cap.
- Slide safety lock to the ON position.
- Turn over the long white nozzle.
- Hold sprayer end about 3 to 6 inches from surface to be treated.
- Aim at center of weed and press the switch to spray.
- [Twist nozzle as necessary to adjust spray pattern.]
- Slide safety lock to LOCK position when done.

After applying this product, many broadleaf weeds will begin to show visible signs of leaf curl within a few days. One application should be sufficient. Some hard-to-kill broadleaf weeds and brush may require a second treatment in 4 weeks.

{When packaged in refillable container}

[Refill]/[Reuse] Directions

After the entire contents of this bottle has been used, BN BK32 Conc (EPA File No. 4-499) may be used to refill this container. Refer to BN BK32 Conc label for mixing directions.

WEEDS CONTROLLED

[When used as directed kills listed weeds in your lawn - won't harm lawn grasses.]

[When used as directed kills listed broadleaf weeds in lawns - roots and all.]

[Kills listed weeds - not lawn grasses.]

BROADLEAF WEEDS CONTROLLED:				
Alder	Canada thistle	Florida betony	Milk vetch	Redroot pigweed
Annual yellow sweet clover	Carolina geranium	Florida pusley	Milkweed bloodflower	Red sorrel
Artichoke	Carpetweed	Frenchweed	Mugwort	Redstem filaree
Austrian fieldcress	Catchweed bedstraw	Galinsoga	Morningglory	Rough cinquefoil
Bedstraw	Catsear	Garlic mustard	Mousear chickweed	Rough fleabane
Beggartick	Catnip	Goathead	Musk thistle	Roundleafed marigold
Biden	Chickweed	Goatsbeard	Mustard	Rush
Bindweed	Chicory	Goldenrod	Narrowleaf plantain	Russian pigweed
Bird vetch	Cinquefoil	Ground ivy	Narrowleaf vetch	Russian thistle
Bitterweed	Common chickweed	Gumweed	Nettle	St. Johnswort
Bitter wintercress	Common mullein	Hairy bittercress	Orange hawkweed	Scarlet pimpernel
Black-eyed Susan	Common sowthistle	Hairy fleabane	Oxalis	Scotch thistle
Black medic	Corn chamomile	Hawkweed	Oxeye daisy	Sheep sorrel
Black mustard	Creeping Jenny	Healall	Parsley-piert	Shepherdspurse
Black-seed plantain	Crimson clover	Heartleaf drymary	Parsnip	Slender plantain
Blessed thistle	Croton	Hedge bindweed	Pearlwort	Smallflower galinsoga
Blue lettuce	Cudweed	Hedge mustard	Pennycress	Smartweed
Blue vervain	Curly dock	Hemp	Pennywort	Smooth dock
Boxelder	Curly indigo	Henbit	Peppergrass	Smooth pigweed
Bracted plantain	Dandelion	Hoary cress	Pepperweed	Sneezeweed
Brassbuttons	Dead nettle	Horsetail	Pigweed	Southern wild rose
	Dock	Indiana mallow	Pineywoods bedstraw	Sowthistle

Bristly oxtongue	Dollar weed	Ironweed	Plains coreopsis	Spanishneedle
Broadleaf dock	Dogbane	Jewelweed	Plantain	Spatterdock
Broadleaf plantain	Dogfennel	Jimsonweed	Poison hemlock	Speedwell
Broomweed	Elderberry	Kochia	Poison ivy	Spiny amaranth
Buckhorn	English daisy	Knawel	Poison oak	Spiny cocklebur
Buckhorn plantain	Fall dandelion	Knotweed	Pokeweed	Spotted catsear
Bulbous buttercup	False dandelion	Lambsquarter	Poorjoe	Spotted knapweed
Bull nettle	False flax	Lespedeza	Povertyweed	Spotted spurge
Bull thistle	False sunflower	Locoweed	Prostrate spurge	Spurge
Burdock	Fiddleneck	Lupine	Prostrate vervain	Spurweed
Burning nettle	Field bindweed	Mallow	Puncture vine	Stinging nettle
Bur ragweed	Field pansy	Marshelder	Purslane	Stinkweed
Burweed	Fleabane (daisy)	Matchweed	Ragweed	Stitchwort
Buttercup	Flixweed	Mexicanweed	Red clover	Strawberry clover
Sumac	Velvetleaf	Western salsify	Wild onion	Woolly morningglory
Sunflower	Venice mallow	White clover	Wild parsnip	Woolly plantain
Sweet clover	Veronica	White mustard	Wild radish	Wormseed
Tall nettle	Vervain	Wild aster	Wild rape	Yarrow
Thistle	Vetch	Wild buckwheat	Wild strawberry	Yellow rocket
Tick trefoil	Violet, wild	Wild carrot	Wild sweet potato	Yellowflower
Toadflax	Virginia buttonweed	Wild four-o'-clock	Wild vetch	pepperweed
Trailing crownvetch	Virginia creeper	Wild garlic	Willow	
Tumble mustard	Virginia pepperweed	Wild geranium	Witchweed	
Tumble pigweed	Wavyleaf bullthistle	Wild lettuce	Woodsorrel	
Tumbleweed	Western clematis	Wild marigold	Woolly croton	

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in original container and place in an area inaccessible to children.

{When packaged in Nonrefillable container:}

PESTICIDE DISPOSAL & CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor (including toilet) or outdoor (including sewer) drain.

{When packaged in Refillable container:}

PESTICIDE DISPOSAL & CONTAINER HANDLING: Refillable container. Refill this container with herbicide only. Do not reuse this container for any other purpose. **To Dispose:** **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor (including toilet) or outdoor (including sewer) drain.

Limited Warranty and Disclaimer

Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller's liability for default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, seller shall have no liability for consequential

damages.

{Alternate Optional WARRANTY STATEMENT – with instructions for refund/return under “satisfaction guarantee”}

Satisfaction guaranteed or your money back

If not completely satisfied, please submit a refund request. Please send a copy of the receipt, the back label of the product that contains the UPC Code and a note explaining why you were dissatisfied. Send to, Bonide Products, LLC, Attn: Refund Request, 6301 Sutliff Road, Oriskany, NY 13424. To the extent consistent with applicable law, Bonide will not be liable for any damage, direct or incidental. Refund or replacement product is Bonide’s only obligation.

Buyers Guarantee limited to label claims

NOTICE: To the extent consistent with applicable law, buyer assumes all risks of use, storage and handling of this product not in strict accordance with directions given herewith.

{APPENDIX}

{Advertising claims and marketing phrases that may be present on promotional materials and container labeling.}

- Kills Brush, [Brambles] & Weeds as listed.
- Proven Poison Ivy, Poison Oak and Brush Killer.
- Rainproof in 48 hours.
- Kills all major listed broadleaf weeds, woody plants, vines & brambles.
- Destroys Dandelions, Obliterates Oxalis, Clobbers Clover, Chickweeds "Check-Out", Pummels Poison Ivy & Oak, Victory over Vines, Bashes Brambles, Kills Kudzu.
- Kills even the toughest listed brush, vines and broadleaf weeds [like (clover) (dandelion) (oxalis)]
- Kills listed weeds, down to the root
- Starts working on contact
- Kills 230 [225+] listed weeds
- Kills to the root
- [Also] ideal for spot treating individual lawn weeds
- Reseed in 3 to 4 weeks
- Kills the weed not the lawn*
*when used as directed
- Kills tough weeds including listed [clover], [plantain], [ground ivy (creeping Charlie)],

- [speedwell], [spurge] [wild violets] [bindweed] [pigweed]and [veronica]
- Kills tough weeds including listed clover, plantain, ground ivy (creeping Charlie) and spurge
 - Contains MCPA, Triclopyr and Dicamba
 - Use as a spot application
 - Battery powered sprayer included
 - Pump & Spray applicator
 - Trigger Sprayer
 - Adjustable nozzle
 - Rainproof in 48 hours
 - Guaranteed [Results]
 - EZ Sprayer included
 - Refillable bottle
 - Refillable Sprayer
