GENERAL INFORMATION

FOR HOMEOWNER USE ONLY. DRAGON 1 3/4% SEVIN® DUST controls a wide range of insect pests. At first signs of insect infestation, preferably before damage from feeding occurs, apply thoroughly to upper and lower leaf surfaces. If needed, repeat application every 7-10 days. **DO NOT** use with lime or other alkaline material. May be applied up to harvest except where noted. Subsequent planting of domestic food crops in treated soil must be made with plants on this or other carbaryl labels.

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

BEANS: For Mexican bean beetles, Leafhoppers, Flea beetles, apply approximately 1 1/2 lbs./1000 sq. ft. **DO NOT** feed treated bean vines to domestic animals.

and continuing until silks begin to dry. Three or more applications may be required depending on severity of infestation. Re-apply immediately after rain.
