DRAGON

TOTAL VEGETATION KILLER

Formulation

Contains Pramitol

Makes Soil Barren - One qt. covers up to 300 Sq. Ft.

ACCEPTED
MAY 5 1978
U.S. Environmental Protection Agency
Washington, D.C. 20460
EPA Reg. No. 16-158

GENERAL INFORMATION: FOR HOMEOWNER USE ONLY. For total weed control on certain areas around the home where no plant growth is desired, use as specified in label directions.

This is a nonselective product intended for use after dilution with water, or an appropriate oil, or other approved carrier. For best results, apply to bare ground or when weed growth is just starting. Weeds taller than 4-6 inches should be hoed before treatment or it may be necessary to make a second application. A second application may be necessary to control deep-rooted perennial weeds. Use for bare ground vegetation control in driveways, brick walks, paths, patios, parking areas, play areas, along fences and curbs, around buildings and under gravelled pathways where plant growth has come through these surfaces.

DIRECTIONS FOR USE:

It is violation of federal law to use this product in a manner inconsistent with its labeling.

For control of annual and susceptible perennial weeds such as downy brome grass, oatgrass, goosegrass, quackgrass, puncturevine, goldenrod and plantain add 10 - 16 fl. ozs. (5-8 - 1 pint) of this product to a 2 1/2 gal. sprinkling can or similarly sized spraying device. Use of a sprinkling can or coarse spray is recommended to avoid spray drift to desirable plants. Add water to fill container and apply to cover 100 sq. ft.

For control of hard-to-kill perennial broadleaf weeds and grasses such as bindweed and johnsongrass, as well as the biennials common mullen and wild carrot, add 1 quart of this product to a 2 1/2 gal. sprinkling can or similarly sized spraying device. Use of a sprinkling can or coarse spray is recommended to avoid spray drift to desirable plants. Add water to fill container and apply to cover 100 sq. ft. Different grades of mineral oil, diesel fuel, petroleum-based oil, fuel oil or kerosene may be substituted for water.

Triple rinse sprinkling can or sprayer and pour rinsate on area treated once application is completed. Mix only the quantity needed and use immediately. Do not store dilute solution. To minimize movement of product in soil to desirable plants, sprinkle lightly with a watering can or similar sprinkler device immediately after application.

IMPORTANT! PRECAUTIONS TO AVOID DAMAGE TO DESIRABLE PLANTS: (1) Apply when air is calm to avoid the possibility of drift onto desirable plants or grass. (2) Keep away from the roots of desirable plants and trees. (3) Use only in areas where complete control of all vegetation is desired. (4) THIS PRODUCT SHOULD NOT BE USED ON CULTIVATED AREAS, ON GROUND THAT IS TO BE CULTIVATED, IN GREENHOUSES, OR NEAR THE DRIP LINE OF TREES OR SHRUBS. (5) Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). (6) Avoid use where adjacent desirable trees,

shrubs, or plants may be injured from leaching of the chemical through the soil. (7) Keep children and animals off treated areas until these areas are dry.

PRECAUTIONARY STATEMENTS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin or clothing. Avoid breathing vapor or spray mist. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STATEMENTS OF PRACTICAL TREATMENT:
IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water. Get medical attention. **IF SWALLOWED:** Call a physician or Poison Control Center. Give water if conscious. May present aspiration hazard. **DO NOT** induce vomiting. **IF ON SKIN:** Wash with plenty of soap and water. Get medical advice. **IF INHALED:** Remove victim to fresh air. **NOTE TO PHYSICIAN:** If swallowed, lavage stomach, taking care to avoid aspiration of stomach contents into the lungs.

ENVIRONMENTAL HAZARDS: Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS: Do not use, pour, spill or store near heat or open flame.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store only in original container, in a cool dry place inaccessible to children and pets and away from feed and foodstuffs. **PESTICIDE DISPOSAL:** Pesticide, spray, mixture, or rinsate that cannot be used according to label instructions must be disposed of according to applicable Federal, State or local procedures. **CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by State and local authorities.
