[BACK/SIDE/OTHER PANEL(S); BOOKLET WHEN NEEDED]

FIRST AID

- IF IN EYES: Hold eyelids open and flush with a steady stream of water for 15 minutes. Get medical attention.
- IF SWALLOWED: Drink promptly a large quantity of milk, egg white, gelatin solution, or, if these are not available, large quantities of water. Avoid alcohol. Do not induce vomiting. Get medical attention.
- IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.
- IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

NOTE TO PHYSICIAN: Carbaryl is a moderate, reversible cholinesterase inhibitor. Atropine is antidotal.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING: May be fatal if inhaled. Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

USER SAFETY REQUIREMENTS

- Wear a mask or pesticide respirator jointly approved by the Mine Safety and Health Administration and the National Institute for Occupational Safety and Health.
- Wear safety glasses, goggles or face shield.
- Wear long-sleeved shirt, long pants, shoes plus socks and household latex or rubber gloves when applying this product.
- Change clothing as soon as possible after use.
- Wash the outside of gloves before removing. As with any pesticide product, wash hands thoroughly immediately after handling and before eating, smoking or using the toilet.
- Do not allow children or pets to contact treated area until dust has settled.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, aquatic invertebrates and marine/estuarine organisms. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water. Do not apply when weather conditions favor drift from treated areas. Apply this product only as specified on this label. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TRIPLE DRAGON® DUST is a modern formulation containing insecticide and fungicides designed to control powdery mildew on roses, asters, zinnias, sweetpeas and hydrangias; black spot on roses; red spider mites on plants such as roses, azaleas, camellias and gardenias; **SEVIN®** in this formulation controls Rose chafers, Rose slugs, Japanese beetles, Leaf rollers, Leafhoppers, Rose aphids, exposed Thrips and Blister beetles on roses.

WHEN TO USE: Start a regular preventive program as soon as new growth appears. Under normal conditions, apply every 7 to 14 days during growing season. Treat weekly during periods of severe infection caused by periods of wet weather. Do not treat during excessively high temperatures (above 85°F) as sulphur may burn foliage. Additional applications are recommended immediately after every rain. Do not use within 10 days of an oil spray. Do not use with lime or other alkaline materials. Subsequent planting of food and feed crops in treated soil must be made with crops on this or other carbaryl labels.

HOW TO USE: [For shaker duster packaging]

This is a ready-to-use product. **SHAKE BEFORE USE.** Wearing household latex or rubber gloves, apply directly from this container, or utilize a hand duster. Dust lightly to cover upper and lower leaf surfaces with a thin, even film of dust. Apply when air is calm to avoid drift and contact with eyes and skin. Start applying at the farthest corner of the treatment area and work backward to avoid contact with dusted surfaces. Allow dust to settle in treated areas before reentering. For plants above chest height, consider using a liquid product. Do not repeat application more than once a week.

HOW TO USE: [For squeeze duster packaging]

This is a ready-to-use product. Before using, shake bottle and tap bottom lightly to loosen any settled product. Wearing household latex or rubber gloves, hold this container so that the discharge nozzle is pointed away

from the face and body, then squeeze. Dust lightly to cover upper and lower leaf surfaces with a thin, even film of dust. Apply when air is calm to avoid drift and contact with eyes and skin. Start applying at the farthest corner of the treatment area and work backward to avoid contact with dusted surfaces. Allow dust to settle in treated areas before reentering. For plants above chest height, consider using a liquid product. Do not repeat application more than once a week.

STORAGE: Store only in original container, in a cool, dry place inaccessible to children and pets and away from feed and foodstuffs.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

NOTE: Buyer assumes all risks of use, storage or handling of this product not in strict accordance with DIRECTIONS and CAUTIONS stated on this label.

PACKAGE FILLED BY WEIGHT, NOT BY VOLUME.
