  x   Registration  
       Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Dragon Wasp & Hornet  
Killer

Name and Address of Registrant (include ZIP Code):

Dragon Corporation  
P.O. Box 7311  
Roanoke, VA 24019-7311

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c) (7) (A), provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label change:

a. Add the phrase "EPA Registration Number 16-168" to the label.

3. Submit two copies of the revised final printed label for the record. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Not for use in USDA meat and poultry plants.

**FIRST AID**

**IF IN EYES:** Flush with plenty of water. Call a physician if irritation persists.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and aquatic invertebrates. Do not apply directly to water.

**PHYSICAL OR CHEMICAL HAZARDS:** Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read entire label.

To kill Wasps, Hornets and Yellow Jackets.

**WHERE TO USE:** Use outdoors on nests, under eaves, around screens and window frames, doors, patios, cracks, or as a direct contact spray to kill menacing insects. Use indoors in attics where nests may be found.

**HOW TO USE:** For best results, spray in early morning or late evening when insects are least active. Stand a safe distance from nest and not directly underneath. Remove protective cap. With wind at your back, hold container upright at arm's length and aim the valve opening toward the nest. Depress button and thoroughly soak the nest with spray. Residual action will kill insects returning to the nest. Wait at least 24 hours before removing the nest. For residual control of stinging insects under eaves, around screens and window frames, doors, patios, cracks, crevices or other locations, spray to wet surfaces (1-2 seconds). To prevent entrance into the house, spray around points where insects enter such as outside plumbing, faucets, etc., and cracks or crevices in foundation as well as along sills and ledges.

Do not spray on trees, shrubs, ornamental plants or grass. If spray accidentally contacts foliage, immediately wash with water. Avoid spraying asphalt, rubber and plastic materials.

**STORAGE:** Do not store near heat or open flame. Store in a cool dry area inaccessible to children and pets.

**DISPOSAL:** Wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

**NOTICE:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with DIRECTIONS and CAUTIONS stated on this label.
