CAUTION: May be harmful if swallowed or inhaled. Causes eye irritation. Avoid contact with eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

**FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL:
CHEMTREC AT: 1-800-424-9300**

IF INHALED:	Move person to fresh air. If person is not breathing, call 911, or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center or doctor for further treatment advice.
IF ON SKIN OR CLOTHING	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for further treatment advice.
IF IN EYES	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
IF SWALLOWED	Call Poison Control Center or Doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1 - 800 - 222- 1222 for emergency medical treatment information.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Shake bottle, lift spout, squeeze bottle to spray under appliances, sinks, furniture, around drains, along all sides of closet shelves, under shelf paper, on ledges, wherever roaches develop paths. Be sure to treat basements, attics and garages.
2. Tap a line of powder by holding bottle horizontally and gently tapping spout on surfaces to be treated. Put one line of powder in every drawer, around sides and backs of all cabinets and storage shelves. In cracks and crevices behind sinks and toilets. Also treat behind all office furniture and particularly in file drawers. One pound normally treats an average home of 2,000 square feet. New construction treatment in wall requires one pound for every 500 square feet.

STORAGE AND DISPOSAL	
Storage:	Store only in original container, in a cool dry place inaccessible to children and pets and away from feed and foodstuffs.
DISPOSAL: If Empty:	Do Not reuse this container. Place in trash or offer for recycling if available.
If partly filled:	Call your local solid waste agency or call CHEMTREC AT 1-800-424-9300 for disposal instructions. Never place unused product down any indoor or outdoor drain.

For best results, ROPEL ROACH STOPPERS should be used in every room of a building and applied in every place indicated.

HOW DOES ROPEL ROACH STOPPERS WORK?

Since ROPEL ROACH STOPPERS is non-repellent roaches do not avoid it. When they get near it, the electro-static charged powder clings and is carted back to their nests.

ROPEL ROACH STOPPERS KILL WILL ALSO CONTROL INFESTATIONS OF SILVERFISH, ANTS, PALMETTOS, WATER BUGS.

Keep powder dry. If it gets wet, remove and re-apply, to guard against future infestations. Any powder visible after applications must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and feedstuffs.

ROPEL ROACH STOPPERS may be used in homes, restaurants, hospitals, schools, camps, bakeries, supermarkets, factories, nursing homes, day care centers, food processing plants warehouses, offices, motels, grocery stores, apartment buildings, industrial plants, theaters, ships, boats, trains, mobile homes, zoos, kennels, libraries, military bases and utilities.
