

ACCEPTED
APR 03 1975
 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 19-5

DIRECTIONS FOR USE

FOOD HANDLING ESTABLISHMENTS — Places other than private residences in which exposed food is held, processed, prepared or served.

FOOD AREAS — APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY.

Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation).

To control roaches, ants, waterbugs, silverfish, spiders and crickets apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junction or switch boxes. Prior to application de-energize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in "ON" position. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

SERVING AREAS — Facilities where foods are served such as dining rooms, but excluding areas where foods may be prepared or held, apply as a spot treatment to selective surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

NON-FOOD AREAS — Including garbage rooms, lavatories, floor drains (to sewers) entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. Repeat treatment as required.

**emco -e-
 ROACH and ANT
 INSECTICIDE**

A Quick Acting Surface Spray for Indoor and Outdoor Use in Homes, Institutions, Restaurants and Food Processing Plants.

Kills resistant roaches!

Roaches, ants, flies, mosquitos, fleas (outdoors), waterbugs, wasps, brown dog ticks, silverfish, spiders, crickets, chiggers, flying moths and carpet beetles.

Odorless - Stainless - Kills even resistant roaches, ants and flies.

Residual Type Insecticide.

ACTIVE INGREDIENTS:

- *O, O-Diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate 0.500%
- Pyrethrins 0.052%
- **Piperonyl Butoxide, Technical 0.261%
- Petroleum Distillate 98.608%

INERT INGREDIENTS: 0.579%

*Diazinon — Registered Trademark Geigy Chemical Corporation; U.S. Patent No. 2,754,243.
 ** (Equivalent to 0.209% of (butylcarbityl) (6-propylpiperonyl) ether and 0.052% of related compounds.)
 PYRENONE — FMC trademark

CAUTION

**KEEP OUT OF REACH OF CHILDREN.
 See side panel for additional precautions.
 Net Contents 1 Gallon**

emulso CORPORATION

301 Ellicott St., Buffalo, N. Y. 14203

CARPET BEETLES: Spray edges of carpeting and under carpeting and rugs. Make localized application to the floor and baseboards. Spray directly into cracks, closets and infested areas of shelving. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray sleeping quarters of animals. Spray infested areas around baseboards, windows and door frames, wall coverings. Applications should be repeated as necessary. Fresh bedding should be placed in animal quarters following treatment. **DO NOT TREAT ANIMALS WITH FORMULATION.**

FLIES, MOSQUITOES, AND SMALL FLYING MOTHS OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

FLEAS, CHIGGERS, ANTS OUTDOORS: For treatment of localized infestations of these insects in outdoor areas, spray weeds and bushy non-crop areas around the home thoroughly. Avoid spraying desirable plants. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestations occur.

CAUTION

Harmful if swallowed. Avoid contamination of feed and foodstuffs. Avoid inhalation and skin contacts; wash thoroughly after using. Do not use on household pets or humans.

Do not allow children in treated areas until surfaces are dry.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, streams or ponds. Apply this product only as specified on this label.

Do not reuse empty container. Destroy by perforating or crushing and burying in a safe place, or return to drum reconditioner.
