	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Sweeney's Poison Peanuts Mole & Gopher Bait II	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

W.R. Sweeney Manufacturer, Inc.
 Salisbury, MO 65281

204331
161/18

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 30-25."
 - b. In the sixth sentence of the "Surface Ridges" portion of your use directions for controlling moles, change "crop" to "drop."
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Inert Ingredients		98%
Total		100%

LABEL COPY, REAR PANEL
SWEENEY'S POISON PEANUTS MOLE & GOPHER BAIT II

Statement of Practical Treatment:

IF SWALLOWED: CALL A PHYSICIAN OR POISON CONTROL CENTER IMMEDIATELY. Give 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Have patient lie down in quiet, darkened room and keep him warm and quiet. Do not induce vomiting or give anything by mouth to an unconscious person. Any person exposed to zinc phosphide and experiencing signs and symptoms such as nausea, abdominal pain, tightness in chest, excitement, agitation, and chills should be seen by a physician immediately.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air and get medical attention. Apply artificial respiration if necessary

NOTE TO PHYSICIAN: Gastric lavage followed by liquid petrolatum is indicated. Avoid digestive fats and oils. Supportive treatment for convulsions, delirium, hepatic and renal insufficiency should be given.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be fatal if swallowed or inhaled. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash hands after use. Avoid contamination of feed or foodstuffs. Avoid contact with acids.

KEEP AWAY FROM CHILDREN, PETS AND DOMESTIC ANIMALS

Environmental Hazards: This product is toxic to fish, birds, and other wildlife. Do not apply directly to lakes, streams or ponds. Do no contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. THIS PRODUCT IS FOR SUBTERRANEAN USE ONLY

Use Restrictions: For use against moles and pocket gophers in lawns, golf courses and other non crop areas and areas where food and feed may not be contaminated. DO NOT PLACE IN AREAS ACCESSIBLE TO CHILDREN AND PETS. Only apply the bait underground. Collect and bury all dead animals found above the ground. DO NOT APPLY THIS PRODUCT BY USE OF A MECHANICAL BURROW BUILDER.

Specific Directions for Moles (Scalopus aquaticus):

The presence of moles may be indicated by a network of surface ridges in the turf, by a series of conical mounds of earth pushed up from deep burrows or by damage to bulbs.

Surface Ridges: Prior to treatment, determine which burrows are active according to one of the following two methods. Either press

(Page 2...Label copy rear panel Sweeney's Poison Peanuts Mole and Gopher Bait:)

down a small section of the tunnel or remove a one inch section of the tunnel's roof. Mark these sections and recheck in 24rhours. The burrow is considered active if the flattened runway has been raised up or if the roof has been repaired. Only treat active burrows. Carefully punch a hole in the top of active tunnels with pointed end of can, crop in a teaspoonful and carefully close the hole with sod or stone. Do not collapse the runway again or allow loose soil to cover the bait. After a few days check to see if the burrows are still active according to one of the two methods described above. If so, repeat treatment.

Conical Mounds: Remove center plug from the conical mounds with the aid of a long-handled spoon and drop a teaspoonful amount of SWEENEYS'S POISON PEANUTS into the underground tunnel. Close opening with rock or sod. Do not allow loose dirt to cover bait.

Specific Directions for Pocket Gophers. Burrowing pocket gophers (Thomomys spp. and Geomys spp.) throw out low fan shaped mounds on either side of their underground tunnel. These lateral tunnels coming to the surface are on the flat side of the fan and are plugged with soil. With a long-handled spoon carefully remove the plug. Insert a teaspoonful amount as far down as possible. Reclose opening being careful not to cover bait with soil.

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store only in original container, in a dry place inaccessible to children, pets and domestic animals.
PESTICIDE DISPOSAL: Securely wrap in newspaper and discard in trash.
CONTAINER DISPOSAL: Do not reuse container. Discard container in trash.
