**DIRECTIONS FOR USE:**

**Sanitizing Buildings and Equipment on the Farm:**  
Use 1 ounce of XXX DISINFECTANT to every 10 gallons of water. Spray or wash with solution. Allow to drain dry without rinsing.

**Sanitizing Poultry Drinking Water:**  
Add 1 ounce of XXX DISINFECTANT to every 10 gallons of drinking water. The result is use of the water without contamination free of disease and dirt.

**Food Plant Sanitation:**  
Use 1 ounce of XXX DISINFECTANT in each 5 gallons of water for food plant sanitizing. Wash all food plant equipment and utensils with solution. Rinse with clean water. Allow to drain dry.

**Shed Floor:**  
Use 1 ounce of XXX DISINFECTANT in each 5 gallons of water for shed floor sanitizing. Wash all shed floors with solution. Allow to drain dry.

Hold in solution for 30 seconds prior to entering building interior. Change solution daily.

**Disinfectant:**  
XXX DISINFECTANT destroys many germs as it sanitizes and disinfects. For general disinfectant applications (garbage pails, refuse containers, etc.) swab or spray on a solution of 1 ounce of disinfectant per gallon of water.

**Cleaning and Disinfecting Buildings and Equipment on the Farm:**

**REMOVE FODDER AND INCUBATED EGGS** before cleaning. Remove all animal droppings from barn, stalls, beds, troughs and other equipment. Remove all litter and manure from floors, walls and ceilings of barn, stalls, troughs and other equipment. Empty all animal troughs and other equipment. Wash all equipment with solution. Rinse with clean water. Allow to drain dry.

**WASH ALL EQUIPMENT** with solution. Rinse with clean water. Allow to drain dry.

Use 1 ounce of XXX DISINFECTANT in each 5 gallons of water for disinfecting. Wash all equipment with solution. Rinse with clean water. Allow to drain dry.

**DANGER:**  
CAUSES EYE IRRITATION AND CAN IRRITATE EYES AND SKIN. Avoid contact with eyes and skin. Wash immediately with clean water if contact occurs.

**FIRST AID:**  
In case of eye contact, flush eyes with clean water for 15 minutes. In case of skin contact, wash with clean water.

**NOTE TO FILMERS:**  
This disinfectant is not flammable. It is safe to use in the presence of open flames.
