

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:

56-66

Date of Issuance:

14 JUN 1996

NOTICE OF PESTICIDE:  
Registration  
 Reregistration

Term of Issuance:

UnConditional

Name of Pesticide Product:

Eaton's Roach and Ant  
Bait Gel

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

J.T. Eaton and Company, Inc.  
1393 East Highland Road  
Twinsburg, Ohio 44087

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Documents, EPA has reregistered the product listed above. With regards to labeling, you must make the labeling changes listed below:

1. Revise the Precautionary Statements to read:

"Harmful if swallowed. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling."

2. Revise the Statement of Practical Treatment to read:

If swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

If in Eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

Signature of Approving Official:

RAK

Date:

14 JUN 1996

283

3. Add the Storage and Disposal Statement for Homeowner Use to read as follows:

Storage: Store in a cool dry place. Do not store where children or animals may gain access.

Disposal: Securely wrap original container in several layers of newspaper and discard in trash.

4. Submit two copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

5. Enclosed is a copy of your label stamped "Accepted with Comments." This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Registration under this section does not eliminate the need for control reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Sincerely,

RPK

Richard P. Keigwin, Jr.

56-66

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Always replace cap on tube after use.

**KILLS ROACHES, SILVERFISH AND ANTS**

## WHERE & HOW TO USE

### Use in Homes and other areas as listed on Front Panel.

May be used in Food Storage Areas, Processing and Serving Areas, in Bath Rooms, Sleeping Rooms, Closets, and Food Disposal Areas. Do not place bait in areas accessible to children or pets. Do not use on Marble surfaces. This product is a ready to use Bait-Gel. Apply by squeezing through the applicator tip. Apply liberally to cracks and crevices; under and behind refrigerators, stoves, sinks, dishwashers, washing machines, dryers, and tubs; into cracks and crevices around drains, water pipes and electrical conduits; along baseboards, corners of cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedrooms dressers and chest of drawers. Apply a "strip" of Bait-Gel along the undersides or backs of drawers, and undersides of tables and counters. Scrape any visible Gel into cracks and crevices or remove. In new construction of walls, soffits, cabinets and flooring apply to joints of basic structural supports before finished coverings are placed into position. This makes Roach & Ant Bait-Gel available within the structure. The Bait will stick to undersides of tables, sinks and storage walls. Bait remains soft and ready for insect feeding until consumed.

### Food Handling Establishments

May be used in places other than private residences in which food or feed is held, processed, prepared or served. Apply Bait-Gel liberally to cracks and crevices in areas of receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage, and enclosed processing systems (mills, dairies, edible oils, syrup). Serving areas (when food is exposed and facility is in operation.) also would be considered a food area.

Apply liberally to points between different elements of construction between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing, and to electrical switch box housing where cockroaches hide. The Bait-Gel may be applied to the undersides or vertical portions of these structures. Avoid contamination of food or food processing surfaces.

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.**

**SERVING AREAS:** Facilities where prepared food are served, such as dining rooms, but excluding areas where food may be prepared or held. Apply as a spot treatment to the underside of and on selective surfaces such as baseboards, under elements of construction and into cracks and crevices. Do not treat surfaces likely to be contacted by food. Do not apply when facility is in operation or foods are exposed.

### PRECAUTIONARY STATEMENTS

Hazards To Humans and Domestic animals

**CAUTION:** Harmful if swallowed. May cause eye irritation. Avoid contact with eyes. Wash thoroughly after handling and before eating or smoking. Place Bait in areas inaccessible to children and pets. Do not contaminate feed or foodstuffs.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store product in original container in a cool, dry, locked place out of reach of children. Do not allow product to freeze. **DISPOSAL:** Do not reuse empty container. Thoroughly rinse before discarding in trash.

**NOTICE** Buyer and user assumes all risk and liability of use, storage and/ or handling of this material not in accordance with the terms of this label.
