Attention: Mr. H. R. McLane

Subject: J.T. Eaton Answer® for Rats Feeder Box
EPA Reg. No. 56-69
Our letter of December 10, 2003
Your amended application of January 26, 2004
Revised labeling

Purpose Your submission revises your label according to our October 23, 2003, letter.

Label review The labeling submitted with the above letter, under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided you submit one (1) copy of final printed labeling to us, with the following changes, before you ship your product.

1. Add the "NOTE TO PHYSICIAN" at the end of your "FIRST AID" section. See enclosure 1.
2. You need "STORAGE AND DISPOSAL" texts for household and non-household sizes. See Enclosure 2.
3. Capitalize or italicize the scientific names of the target organisms. Change "Ratus" to "Rattus", and change "mus" to "Mus".

A copy of the stamped label is enclosed for your records.

Existing stocks Stocks of existing labels may be used for eighteen (18) months.

Consequence for non-compliance If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Questions If you have questions about this letter, please contact me at 703-305-5407 (by phone), 703-305-6596 (by fax), or peacock,dan@epa.gov (by E-Mail).

Sincerely yours,

Daniel B. Peacock, Biologist

Letter Dan Peacock, Disk139,A:\Chlorophacinone\56-69, revised label,2-12-2004.wpd

Enclosure 1. Precautionary Statements for 56-69.**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: May be harmful if swallowed or absorbed through the skin. Keep away from humans, domestic animals, and pets. Keep away from feed or foodstuffs. Wash thoroughly with soap and water after handling bait.

FIRST AID	
Have label with you when obtaining treatment advice, including 1-800-858-7378 ¹ .	
If swallowed	<ul style="list-style-type: none"> •Call a poison control center or doctor immediately for treatment advice. •Have person sip a glass of water if able to swallow. •Do not induce vomiting unless told to do so by the poison control center or doctor.
If on skin or clothing	<ul style="list-style-type: none"> •Take off contaminated clothing. •Rinse skin immediately with plenty of water for 15-20 minutes. •Call a poison control center or doctor immediately for treatment advice.
NOTE TO PHYSICIAN	
<p>This material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K₁, intramuscularly or orally. Repeat as necessary based on monitoring of prothrombin times.</p>	

¹Call the National Pesticide Information Center (NPIC) for advice on pesticide medical emergencies, incidents, and concerns.

ENVIRONMENTAL HAZARD

This product is toxic to fish and wildlife. Do not apply this product directly to water or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters.

Enclosure 2. Storage and Disposal Texts for EPA Reg. No. 56-69

A. Household Sizes (1 lb or less)

STORAGE AND DISPOSAL

STORAGE: Store only in original container, in a cool, dry place inaccessible to children and pets.

DISPOSAL: **If empty:** Do not reuse empty container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or for disposal instructions. Never place unused product down any indoor or outdoor drain.

B. Household Sizes

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store only in original container, in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL: [Choose 1 of 3 statements on Page 4 of PR Notice 83-3:

Acutely Hazardous (RCRA E List), use para 2,

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Toxic (RCRA F List), use para 4, or
Other, non-household products, use para 6.]

CONTAINER DISPOSAL: [See Appendix A, Page 7 of PR NOTICE 83-3.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL. Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets, or other nontarget animals to rodenticides. To help prevent accidents:

1. Store product not in use, in a location out of reach of children and pets.

2. Apply bait in locations out of reach of children, pets, domestic animals, and nontarget wildlife or in "tamper-resistant" bait stations. These stations must be resistant to destruction by dogs and by children under six years of age and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hoofed livestock, raccoons, bears, other potentially destructive animals, or in areas prone to vandalism.

3. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

USE RESTRICTIONS

THIS IS NOT A TAMPER-PROOF OR TAMPER-RESISTANT BAIT STATION. DO NOT USE THIS PRODUCT IN AREAS ACCESSIBLE TO CHILDREN, PETS DOMESTIC ANIMALS, OR NONTRAGET WILDLIFE. DO NOT USE THIS PRODUCT OUTDOORS.

This product may be used to control Norway Rats (*Rattus norvegicus*), Roof Rats (*Rattus rattus*), and House Mice (*mus musculus*) in homes, and in industrial, commercial, or agricultural buildings. Do not place feeder boxes in areas where there is a possibility of contaminating food, water, or surfaces that come in direct contact with either.

SELECTION OF TREATMENT AREAS

Determine areas where rats or mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, beside burrows, inside buildings, or in corners and concealed places.

APPLICATION DIRECTIONS:

The amount of bait in one 4 ounce Feeder Box of this product is unlikely to be sufficient to kill more than 1 or 2 rats.

• **For Rats:** Apply 1 to 4 feeder Boxes (4 to 16 oz. of bait) per placement. Maintain an uninterrupted supply of fresh bait for at least 10 days.

• **For Mice:** Open Feeder box, while wearing gloves, and apply 1/4 to 1/2 ounce of bait at 8 to 12 foot intervals. Larger placements (up to 2 ounces) may be needed at points of very high mouse activity. Maintain an uninterrupted supply of fresh bait for at least 15 days.

• **For Rats and Mice:** Replace contaminated or spoiled bait immediately. Collect and dispose of all dead animals and any left-over bait properly. To prevent reinfestation, limit as many sources of food, water, and harborages as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish with fresh bait as often as needed. 01-26-04

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS-

CAUTION: Keep away from humans, domestic animals and pets. Keep away from feed or foodstuff. Avoid contact with skin, eyes or clothing. May be harmful or fatal if swallowed or absorbed through the skin because This material may reduce the clotting ability of the blood and cause bleeding. Wear gloves when handling this product. Wash thoroughly with soap and water after handling bait.

NOTE TO PHYSICIAN: If ingested, administer Vitamin K, intramuscularly, or orally, as indicated in bishydroxycoumarin overdoses. Repeat as necessary based on monitoring of prothrombin times.

ENVIRONMENTAL HAZARD

This product is toxic to fish and wildlife. Do not apply this product directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters.

STORAGE AND DISPOSAL

STORAGE: Store only in original container in a cool, dry, place inaccessible to children and pets.

DISPOSAL: IF EMPTY: Do not reuse empty container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local solid waste agency or 1-800 CLEANUP for disposal instructions. Never place any unused product down and indoor or outdoor drain.

NOTICE: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith. The efficacy of the product may be reduced under high moisture conditions.
