U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (7505C)  
1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

EPA Reg. Number:

56-74

Date of Issuance:

AUG 10 2006

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Apple Bait Block® Rodenticide

Name and Address of Registrant (include ZIP Code):

J. T. Eaton & Co.  
c/o H.R. McLane, Inc.  
7210 Red Road, Suite 206  
Miami, FL 33143-5321

R31 5-7925/0  
1180

Attention: Mr. H. R. McLane

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

A. submit one (1) copy of final printed labeling, before you release the product for shipment, with the following change:

- 1. Change "56-TU" to "56-74".

Daniel B. Peacock, Biologist  
Insecticide-Rodenticide Branch  
Registration Division (7505C)

Date:

AUG 10 2006

2. At your option, you may delete the CAS number in your Ingredient Statement.
3. Between “APPLICATION DIRECTIONS” and “For Rats”, revise your qualifying statements as follows:

This package contains enough bait (4 oz) to control 1 to 3 rats. [for 2-block package]

This package contains enough bait (8 oz) to control 2 to 7 rats. [for 4-block package]

This package contains enough bait (12 oz) to control 3 to 8 rats. [for 6-block package]

B) within 15 months of registration, submit the following data in electronic and paper formats:

1. Storage Stability (830.6317)
2. Corrosion Characteristics (830.6320).

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed. If you have any questions, please contact Dan Peacock by phone (703-305-5407), fax (703-305-6596), or E-Mail ([peacock.dan@epa.gov](mailto:peacock.dan@epa.gov)).

1. Enclosure: Stamped Label
2. Minimum Type Size Requirements for Final Printed Label

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions.

**IMPORTANT:** Do not expose children, pets, or other nontarget animals to rodenticides. To help prevent accidents:

1. Store product not in use, in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals, and nontarget wildlife or in "tamper-resistant" bait stations. These stations must be resistant to destruction by dogs and by children under six years of age and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hoofed livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.

3. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

### USE RESTRICTIONS

This product may be used to control Norway rats, roof rats, and house mice in and around homes, industrial buildings, and similar man made structures. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with foods. Do not broadcast the bait.

### SELECTION OF TREATMENT AREAS

Determine areas where rats or mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where signs of rats or mice have been seen. Protect bait from rain or snow. For best results, remove as much food-stuff, as possible, from the area to be baited.

### APPLICATION DIRECTIONS

[ For a 2 or 4 bait block package: This package contains enough bait (4 oz. or 8 oz.) to control 2 to 7 rats.]

[ For a 6 bait block package: This package contains enough bait (12 oz.) to control 3 to 8 rats.]

● **For Rats:** Apply 2 to 3 blocks (4 to 16 oz.) per bait placement. Space bait placements at intervals of 15 to 30 feet in infested area. Maintain an uninterrupted supply of bait for at least 10 days or until there no longer are signs of new feeding by rats.

● **For House Mice:** While wearing waterproof gloves, break each 2 oz. block into 3 pieces. Use one such piece of bait block per typical placement. Space placements at intervals of 8 to 12 feet in infested area. At points of extremely high mouse activity, two or three pieces of bait block (up to 2 oz.), or one entire block may be placed. Maintain an uninterrupted supply of fresh bait for at least 15 days or until fresh signs of feeding by house mice cease to appear.

● **Follow-up (for Rats & Mice):** Immediately replace contaminated or spoiled bait. Properly collect and dispose of all dead animals and leftover bait. To discourage reinfestation, limit sources of rodent food, water, and harborage as much as possible. Where a continuous source of infestation is present, establish permanent bait stations. Regularly check the stations and replace bait as needed.

**NOTICE:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

### PRECAUTIONARY STATEMENTS

#### HAZARD TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Keep away from humans, domestic animals and pets. Keep away from feed or foodstuffs. May be harmful if swallowed or absorbed through the skin. This product should be handled with waterproof gloves. Causes moderate eye irritation. Do not get in eyes, on skin, or on clothing. Wash arms, hands, and face with soap and water after applying. If swallowed call a physician immediately

#### FIRST AID

Have this label with you when obtaining treatment advise.

<b>IF SWALLOWED:</b>	<ul style="list-style-type: none"> <li>• Call a Poison Control Center, doctor, or 1-800-858-7378 immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to by a poison control center or doctor.</li> </ul>
<b>IF IN EYES:</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>IF ON SKIN OR CLOTHING</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call a poison control center or doctor. You may call 1-800-858-7378 for emergency medical treatment advice.</li> </ul>

**NOTE TO PHYSICIAN:** This material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K, intra - muscularly or orally. Repeat as necessary based on the monitoring of prothrombin times.

#### ENVIRONMENTAL HAZARD

This product is toxic to fish and wildlife. Do not apply this product directly to water. Do not contaminate water when disposing of equipment wash waters.

#### STORAGE AND DISPOSAL

DO NOT CONTAMINATE FOOD OR WATER BY STORAGE OR DISPOSAL. **STORAGE:** Store in original container in a cool, dry, place inaccessible to children and pets and away from products with strong odors. **SPILL:** Sweep up and dispose of as in PESTICIDE DISPOSAL.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL: Non-Household use:** Completely empty container into application equipment. Then dispose of empty container in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned stay out of smoke.

**Household use:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local waste agency or 1-800 CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
