Subject: Label Notification(s) for Pesticide Registration Notice 2007-4

Dear Mr. McLane:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated July 28, 2008 for:

**EPA Registration 56-74**

**Apple Bait Block® Rodenticide**

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, at 703 305-5409 or electronically at [daniel.dani@epa.gov](mailto:daniel.dani@epa.gov)

Sincerely,

A handwritten signature in black ink, appearing to read "Dani Daniel".

## PRECAUTIONARY STATEMENTS

### HAZARD TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Keep away from humans, domestic animals and pets. Keep away from feed or foodstuffs. May be harmful if swallowed or absorbed through the skin because this material may reduce the clotting ability of blood and cause bleeding. This product should be handled with water-proof gloves. Causes moderate eye irritation. Do not get in eyes, on skin, or on clothing. Wash arms, hands, and face with soap and water after applying. If swallowed call a physician immediately.

### FIRST AID

Have this label with you when obtaining treatment advise.

IF SWALLOWED:	<ul style="list-style-type: none"> <li>Call a Poison Control Center, doctor, or 1-800-858-7378 immediately for treatment advice.</li> <li>Have person sip a glass of water if able to swallow.</li> <li>Do not induce vomiting unless told to by a poison control center or doctor.</li> </ul>
IF IN EYES:	<ul style="list-style-type: none"> <li>Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul>
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> <li>Take off contaminated clothing.</li> <li>Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>Call a poison control center or doctor or call 1-800-858-7378 for emergency medical treatment advice.</li> </ul>

**NOTE TO PHYSICIAN:** This material may reduce the clotting ability of the blood and cause bleeding. If ingested administer Vitamin K, intra-muscularly or orally. Repeat as necessary based on monitoring of prothrombin times.

### ENVIRONMENTAL HAZARD

This product is toxic to fish and wildlife. Do not apply this product directly to water. Do not contaminate water when disposing of equipment wash waters.

### STORAGE AND DISPOSAL

**DO NOT CONTAMINATE FOOD OR WATER BY STORAGE OR DISPOSAL.**  
**STORAGE:** Store in original container in a cool, dry, place inaccessible to children and pets and away from products with strong odors. **SPILL:** Sweep up and dispose of as in PESTICIDE DISPOSAL.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Non-Household use: Completely empty container into application equipment. Then dispose of empty container in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Household use: If empty, non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. 07-28-08.

**NOTICE:** Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

JT EATON® and BAIT BLOCK® are  
Registered Trademarks of  
J.T. EATON & CO., INC.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions.

**IMPORTANT:** Do not expose children, pets, or other nontarget animals to rodenticides. To help prevent accidents:

1. Store product not in use, in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals, and nontarget wildlife or in "tamper-resistant" bait stations. These stations must be resistant to destruction by dogs and by children under six years of age and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hooved livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

### USE RESTRICTIONS

This product may be used to control Norway rats, roof rats, and house mice in and around homes, industrial buildings, and similar man-made structures. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with foods. Do not broadcast the bait.

### SELECTION OF TREATMENT AREAS

Determine areas where rats or mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where signs of rats or mice have been seen. Protect bait from rain or snow. For best results, remove as much food-stuff, as possible, from the area to be baited.

### APPLICATION DIRECTIONS

This package contains enough bait (4 oz.) to control 1 to 3 rats.  
[for 2-block package].

This package contains enough bait (8 oz.) to control 2 to 7 rats.  
[for 4-block package].

This package contains enough bait (12 oz.) to control 3 to 8 rats.  
[for 6-block package].

● **For Rats:** Apply 2 to 8 blocks (4 to 16 oz.) per bait placement. Space bait placements at intervals of 15 to 30 feet in infested area. Maintain an uninterrupted supply of bait for at least 10 days or until there no longer are signs of new feeding by rats.

● **For House Mice:** While wearing waterproof gloves, break each 2 oz. block into 3 pieces. Use one such piece of bait block per typical placement. Space placements at intervals of 8 to 12 feet in infested area. At points of extremely high mouse activity, two or three pieces of bait block (up to 2 oz.), or one entire block may be placed. Maintain an uninterrupted supply of fresh bait for at least 15 days or until fresh signs of feeding by house mice cease to appear.

● **Follow-up (for Rats & Mice):** Immediately replace contaminated or spoiled bait. Properly collect and dispose of all dead animals and leftover bait. To discourage reinfestation, limit sources of rodent food, water, and harborages as much as possible. Where a continuous source of infestation is present, establish permanent bait stations. Regularly check the stations and replace bait as needed. 07-28-08.
