BACK PANEL

For sanitation in the home: An effective disinfectant and deodorizer. Forms a milky white emulsion with water and leaves a fragrant pine scent wherever used.

DIRECTIONS

To Disinfect:

Bathroom	Sickroom
Kitchen	Kennels
Pantry	Garbage Cans

Dilute 2 ounces (4 tablespoons) in one gallon of water. Apply so as to wet surfaces thoroughly.

To Deodorize:

Bathroom	Cellar
Kennels	Garbage Cans

Dilute one tablespoon to each gallon of water. Pour a little of the solution in garbage cans and other places where offensive odors accumulate.

CAUTION: Pulvex Pine Oil Deodorizing Disinfectant is a concentrated liquid. Dilute as directed. Avoid splashing in eyes. Do not use stronger than directed.
