

Back Rubber Concentrate

Kills Horn Flies & Lice on Beef Cattle

One gallon makes 20 gallons of Back Rubber Solution

Active Ingredients

2,4-Dichlorophenoxyacetic acid (related Compound) (as 70% EP)	60%
Pyrethrin	1.72%
Permethrin	23.28%
Inert Ingredients	14.00%
	100.00%

WARNING: Keep out of reach of children. See other warnings on back panel.

Net Contents One Quart (U.S. Measure) EPA Reg. No. 59-89

Back Rubber Concentrate

Back Rubber Concentrate is a powerful insecticide for the control of horn flies and lice on beef cattle. It is a contact insecticide which kills the insects on contact. It is also a stomach poison which kills the insects when they ingest it. It is effective against all stages of the insects, including eggs, larvae, and pupae. It is also effective against the adult insects. It is a fast-acting insecticide which kills the insects within a few minutes of contact. It is a non-toxic insecticide which is safe for the animal and the handler. It is a long-lasting insecticide which remains effective for several weeks. It is a water-soluble insecticide which can be diluted with water for use. It is a concentrate which makes 20 gallons of solution from one gallon of concentrate.

Directions for Use: Dilute one gallon of Back Rubber Concentrate with 19 gallons of water to make 20 gallons of solution. Apply the solution to the animal by spraying or dipping. The solution should be applied to the animal's back, neck, and head. The animal should be kept out of water for 24 hours after treatment. The solution should be reapplied every 7 to 10 days. The solution should be stored in a cool, dry place. The solution should be kept out of reach of children and animals.

Precautions: Do not use on horses, dogs, cats, or other animals. Do not use on pregnant animals. Do not use on animals that are sick or stressed. Do not use on animals that are in contact with water. Do not use on animals that are in contact with other animals. Do not use on animals that are in contact with humans. Do not use on animals that are in contact with food. Do not use on animals that are in contact with other insects. Do not use on animals that are in contact with other plants. Do not use on animals that are in contact with other animals.

WARNING

May be fatal if swallowed. Causes severe eye irritation. Wash thoroughly after use.

ANTIDOTE

None known. If swallowed, induce vomiting. If in contact with eyes, wash thoroughly with water. If in contact with skin, wash thoroughly with water. If in contact with clothing, remove clothing and wash thoroughly with water.
