

Super Dairy & Stock Spray

DIRECTIONS FOR USE

For Face Flies

To protect animals from Face Flies, spray animal's head, covering forehead, poll, muzzle and sides of face thoroughly with spray mist, but do not apply more than 1 ounce to entire animal at any one spraying.

Kill Stable Flies, Horn Flies, House Flies, Mosquitoes

For fast paralysis and kill of pests, apply as a mist over milk cows, calves, horses, colts, mules, and hogs.

Super Dairy & Stock Spray kills stable flies, horn flies, house flies, mosquitoes, black flies, and sand flies at time of spraying.

For best results spray animal before daily milking time for 7-10 days. Apply 1 ounce per head at morning and evening milking. Complete coverage is necessary for best possible protection. Treatment can be continued until flies reappear on animal.

Electric and Stationary Foggers

Super Dairy & Stock Spray is recommended for use in stationary or electric foggers. Fog about 2 ounces per 1,000 square feet. Before milking, the fogger can be applied around each animal to kill flies. For best result, the treated area should be closed for 15 minutes. Do not apply in areas where animals have received direct applications of DDVP within 8 hours.

Super Dairy & Stock Spray

With Fast Acting DDVP

Kills Face Flies, Stable Flies, House Flies, Horn Flies, Fleas and Mosquitoes

FWSEW-IM-WWH

Super Dairy & Stock Spray

Kill Fleas

Spray bedding and sleeping quarters where infested animals are housed. Repeat application if necessary.

CAUTION

Do not wet animals because of possibility of skin irritation. Do not apply to animals under six months of age. Brahman cattle should not be treated as they may show hypersensitivity to organo-phosphate compounds.

WARNING—COMBUSTIBLE

May be fatal if swallowed, inhaled or absorbed through the skin. If swallowed, induce vomiting immediately and get medical attention. Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine. Do not breathe spray mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling and before eating or smoking.

Do not contaminate feed, water or feedstuff. Do not apply spray or near an open flame. Do not reuse empty container. Destroy when empty.
