See back panel for additional cautions.

PULVEX Flea Spray

**Kills Fleas, Lice and Ticks and Repels
Mosquitoes, Gnats and Sandflies**

Shake well before using and store upright.

Remove protective wrap and hold can about 10 to 12 inches from pet. Spray lightly, moving can back and forth for better coverage. Rub into animal's coat. For maximum effectiveness rub into the fur of areas for deeper penetration.

Ticks are difficult to kill. Spray tick directly and wet thoroughly.

Note: Do not spray on eyes or ears of pet.

Wash face, brush and comb thoroughly.

Spray liberally on bedding and surrounding areas as needed.

Repeat once a week for effective control.

EPA Reg. No. 59-168
