Salsbury™ Permaban® WP

Long-lasting insecticidal spray for livestock premises

EPA Est 6175-LA-1
EPA Reg. No. 59-194-116

NOTIFICATION
LABEL NOT REVIEWED
PER PM NOTICE 1049

DATE: MAY 9 1981

Directions for use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use in and around horse, beef, dairy, swine, sheep, goat and poultry premises and outside meat processing premises: for control of house flies, stable flies and little house flies (*Fannia* spp.).

Dilute at the rate of 1 can (6.67 oz) of Salsbury Permaban WP in 10 gallons of clean water and mix thoroughly. For small amounts of finished spray, mix 3 rounded tablespoonfuls in 2 gallons of water. Apply finished spray to surfaces where flies rest, at the rate of 1 gallon per 700-1000 sq. ft., or to the point of runoff. Timing and frequency of applications should be based upon flies reaching nuisance levels but not more than once every two weeks. If, under conditions of heavy fly pressure, longer residual control is desired, it is permissible to double the above concentration for premise application by diluting at the rate of 1 can (6.67 oz) of Salsbury Permaban WP in 5 gallons of water. Do not make direct applications to animals, feed or water. Do not use in milk rooms. Insure that animals, feed and water are not contaminated by spray drift.

Active ingredient

Permethrin (3-phenoxyphenyl) methyl (±) cis, trans-3-(2,2-dichloroethenyl)-2,2-dimethyl-cyclopropanecarboxylate*	25.0%
Inert ingredients	75.0%
	100.0%

*cis/trans ratio: Max 50% (±) cis and min 45% (±) trans

Keep out of reach of children

Caution

See side panel for additional precautionary statements

Net Weight: 6.67 ounces (189 g)

Precautionary statements

Hazards to humans & domestic animals

Caution

Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Get medical attention if irritation persists.

Statement of practical treatment

If on skin: Remove contaminated clothing and immediately wash skin with soap and water.

If in eyes: Immediately flush eyes with plenty of water. Get medical attention if irritation persists.

Environmental hazards

This product is extremely toxic to fish. Do not add directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Storage and disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in cool, dry place.

Pesticide disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container disposal: Completely empty can into application equipment. Then dispose of can in a sanitary landfill or by incineration if allowed by State and local authorities.
