Mr. Joseph E. Dyer
Regulatory Affairs Specialist
COOPERS ANIMAL HEALTH INC.
1201 Douglas Avenue
Kansas City, Kansas 66103

Dear Mr. Dyer:

Subject: Revised Confidential Statement of
Formula (CSF) and Addition of Uses
PHOSMET 5 DUST
EPA registration Number 59-236
Your Amended Application Dated December 8, 1992

The amendment referred to above, submitted in connection with registrations under FIFRA section 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.

2. Expand your note to Physician to read as follow:

Note to Physician: Phosmet is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

3. Under the Environmental Hazards Section, the statement should read, " Do not contaminate water by cleaning of equipment or disposal of washwaters."

4. Under Storage and Disposal either explain the statement "Not Household Use" or delete it.

PROLATE 5 DUST

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed or inhaled. Avoid breathing dust. Avoid contact with eyes. Avoid unnecessary contact with skin or clothing. Wash all contaminated clothing with soap and water before reuse. Wash hands thoroughly after using and before eating or smoking.

For use in dust bag (self treatment) installation only. Do not permit access to bags within 21 days of slaughter. Do not treat dairy Cattle. Do not treat sick or debilitated animals. Do not contaminate food or feed. Do not treat puppies under 12 weeks of age.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately.

IF INHALED: Remove victim to fresh air and apply respiration if indicated.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: This product contains an organophosphorous insecticide. Atropine is antidotal.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE ON BEEF CATTLE ONLY

Prolate 5 Dust is effective for control of hornflies (*Haematobia irritans*) on beef cattle.

DIRECTIONS FOR USE (CONT'D)

=====

SELF TREATMENT:

Suspend dust bags near salt boxes, loafing sheds or near feed and water facilities. The bags should hang level at a sight so that the lower portions hit the head, shoulders and backline of the cattle being treated. Place a board baffle behind the bags if used near feed or water to prevent contamination. For mandatory use, suspend bags across a gate between pasture and water or between pasture and feeding areas.

FOR USE ON DOGS:

This product is effective in controlling Sarcoptic Mange on dogs. It controls fleas on dogs for up to 21 days. Brown Dog Ticks and American Dog Ticks on dogs will be controlled for up to 14 days.

) For Control of Sarcoptic Mange on Dogs: Treat dog using 1/4 tsp. (0.5g) of dust per pound of body weight weekly for 3 weeks. Treat entire dog paying particular attention to infected areas and rub thoroughly into hair to the skin. If no improvement is observed in 21 days, consult your veterinarian.

For Control of Ticks and Fleas on Dogs: Apply dust liberally over the animal at a rate of 1/4 tsp. (0.5g) per pound of body weight beginning at the head and rub thoroughly into hair to the skin. Be sure to treat the legs and feet. Minimize treatment of eyes and face. Do not treat puppies under 12 weeks of age.

STORAGE AND DISPOSAL

) **NOT HOUSEHOLD USE:**

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in cool, dry place.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal (Plastic): Triple rinse or equivalent then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
