FOR INDUSTRIAL USE ONLY

DIRECTIONS:

Contents for use only in treating forest products by pressure processes. Cannot be used in dry form. To be used only in water solutions having concentrations ranging from 1.0 percent to 5.0 percent.

** (See revised precautions on attached sheet)*

Pressure treatment of forest products with time-tested Wolman Preservatives Salts provide wood in all its forms with "built-in" protection against termites, ascomycetes, white rot, brown rot and dry rot.

INGREDIENTS:

Active Ingredients	
Potassium Dichromate	53%
Copper Sulfate	32%
Arsenic Pentoxide	10%
Inert Ingredients	5%
Total	100%

Arsenic, all in water-soluble form expressed as metallic, 5.64%.

U. S. D. A. Reg. No. 61-127

SPILLS: Sweep up or vacuum all spills.

Do not contaminate water used for domestic consumption, irrigation or Fish or Wildlife.

If conscious, induce vomiting by giving a tablespoonful of salt in a glass of warm water and repeat until vomit fluid is clear.

Give milk or whites of eggs beaten with water.

Keep patient warm and quiet.

DRUM DISPOSAL: Do not reuse container. Tighten closure. Transport to a drum reconditioner or destroy by perforating and crushing and bury in a safe place.

WARRANTY. We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and further warrant such goods to be fit for the normal purposes for which such goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
