TS

FOR INDUSTRIAL USE ONLY

Directions:

Products for use only in treating forest products by spraying, dipping, or brushing. Must be used in dry form to be used only in water solution of concentrations ranging from 1.0 percent to 5.0 percent.

The use of treatment of forest products with time-tested *Mold and Mildew* salts provides wood in all its forms with "built-in" protection against mold, mildew, decay, and insect damage.

Ingredients:

| Active Ingredients           |       |
|------------------------------|-------|
| Sodium Dichromate            | 15.5% |
| Copper Sulfate               | 26.3% |
| Arsenic Pentoxide (Chloride) | 20.5% |
| Sodium Permanganate          | 5.2%  |
| Water Soluble Salts          | 3.5%  |
