PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND
DOMESTIC ANIMALS

May be absorbed through skin. Avoid contamination of feed and foodstuffs. Do not get on skin or in eyes. Wash thoroughly with soap and water. Keep out of reach of children. Harmful if swallowed. Do not allow children to handle or apply this product. Apply product outdoors or in a well-ventilated area.

PROTECTIVE CLOTHING: Applicators must wear the following protective clothing during the treatment process: long-sleeved shirt, long pants, waterproof gloves, waterproof apron, and full foot covering.

PHYSICAL OR CHEMICAL HAZARDS
FLAMMABLE!

Do not use, pour, spill or store near heat or open flame.

STATEMENT OF PRACTICAL TREATMENT

If swallowed - Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately.

If inhaled - Remove victim to fresh air. Apply respiration if indicated.

If on skin - Wash with soap and water.

If in eyes - Flush eyes for at least 15 minutes with water. Get medical attention immediately.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

MIXING: Mix 5 teaspoonfuls of Mange Cure in one gallon of water to control mange (Sarcoptic), lice, fleas and ticks on dogs. Use caution in mixing, since improper dilution of this product could cause serious injury to your pet.

APPLICATION: See **PROTECTIVE CLOTHING** requirement on adjoining panel of this label. Using a mechanical compressed-air sprayer adjusted to deliver coarse droplets, spray dog to wet hair thoroughly.

RESTRICTIONS: Do not use this product as a dip. Do not use on cats or on nursing puppies or on bitches with suckling pups. Do not use more often than once a week. Usually 2 or more thorough applications at weekly intervals are necessary. Do not allow children to play with dog until sprayed hair has dried.

10-67

STORAGE AND DISPOSAL

Do not reuse empty container.

Wrap container and put in trash collection.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

APP

OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

Mr. James T. Gregory
Rigo Co.
P.O. Box 89
Buckner, KY 40010

Dear Mr. Gregory:

Subject: Lindane RPAR
Kill-Ko Mange Cure
EPA Reg. No.: 70-67
Appl. Date: November 28, 1983

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. There seems to be some discrepancy in this application: the last accepted label indicates Kill-Ko Mange Cure, all previous labels indicate Kill-Ko..., the application indicates Kill-Ko..., however, the labeling submitted indicates Rigo Mange Cure. Please correct.
2. The signal word "WARNING" must appear at the beginning of the "HAZARDS TO HUMANS..." section if this section is to appear on a side panel.
3. Under "HAZARDS TO HUMANS..." revise the following:

"Wash thoroughly with soap and water after using and before eating or smoking."

(Underscore added to indicate added text; do not reproduce on the labeling.)
4. Be sure to note the type size requirements for the front panel signal word, the "KEEP OUT OF REACH OF CHILDREN" and the headings "STORAGE AND DISPOSAL" (same as for KEEP OUT OF REACH OF CHILDREN)
5. The STATEMENT OF PRACTICAL TREATMENT given is inadequate, please use the following:

"STATEMENT OF PRACTICAL TREATMENT

- If swallowed-Call a physician or Poison Control Center immediately.
If possible vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
- If inhaled- Remove victim to fresh air. Apply artificial respiration if indicated.
- If on skin- Remove contaminated clothing and wash affected areas with soap and water.
- If in eyes- Flush eyes with plenty of water. Call a physician immediately.

Note to Physician-Solvent presents aspiration hazard. Gastric lavage is indicated if material was taken internally."

Submit five (5) copies of your revised final printed labeling before you release the product for shipment with the amended labeling.

A stamped copy of the label is enclosed for your records.

If you hold a Federal registration, a supplemental registration, or a Special Local Needs registration, you may continue to produce new stocks of such products, using current labeling, until May 1, 1984. After that date, all remaining inventories of affected products will fall under the Existing Stocks provisions stated in our letter of October 28, 1983.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

Enclosure

P.S. Please disregard comment (1) above. We note your request for additional brand name, "Rigo Mange Cure" and it is acceptable. In the future please do not submit labeling with brand names but only with the basic product name.
