Disposal: Do not reuse empty container. Wrap container and put in trash collection.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To use, point valve opening away from face and press valve to spray.

TO KILL OUTDOOR GARDEN PESTS ON NON-FOOD PLANTS -

Important: Use only on ornamental plants; do not use on food plants. For use on pests such as:

Aphids	Leaf Hoppers	White Flies
Ants	Rose Beetles	Climbing Cutworms
Exposed Thrips	Japanese Beetles	Red Spiders
Lace Bugs	Spider Mites	Mealy Bugs

Direct KILL-KO HOUSE AND GARDEN PEST KILLER with sweeping motion, holding can 12 to 18 inches away from plant. Do not wet, as the effective formula kills when sprayed lightly. Use spray when air is still, preferably cloudy days and evenings.

For row plants, spray at rate of one foot per second. For heavy growth, it may be necessary to spray from both sides. Use caution on tender plants. Protect plants and delicate flowers, such as:

Flies	Gnats	Wasps
Mosquitoes	Flying Moths	

Close openings and spray in sweeping motion, keeping spray at least 12 to 18 inches from walls, furniture and fabrics thoroughly misting the room with spray. Leave room closed at least 10 minutes after treatment. Do not remain in treated areas and ventilate the area after treatment is completed.

TO KILL CRAWLING BUGS - Such as:

Roaches	Spiders	Silverfish	Centipedes
Ants	Water Bugs	Carpet Beetles	Bedbugs

Spray baseboards, molding, crevices, Ant trails, infested areas of carpets, rugs, mattresses, bed frames and other hiding places.

TO KILL FLEAS: Spray floor areas, sleeping quarters and bedding freely.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
