

SEED TREATER

For use on corn seeds. Kills seed-borne insects and fungi. Protects germinating seeds and seedlings against seed corn beetles and seed corn magots. Also provides added fungicidal protection at planting time. Kill-KO Seed Treater may be used on seeds previously treated with a full range of protective fungicides. For detailed protection of seed-borne insects, see directions on seed label.

May be fatal if swallowed. Do not breathe dust. May be absorbed through skin. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Avoid contamination of feed and foodstuffs. Do not feed treated seed to animals. Treated seed should be labeled as follows: "TREATED SEED. DO NOT FEED TO ANIMALS. SEE LABEL FOR DIRECTIONS."

Keep out of reach of children. Do not use near food or feed. Do not use in areas where birds or other animals are present. Do not use in areas where bees are present. Do not use in areas where aquatic life is present. Do not use in areas where shellfish are present. Do not use in areas where crops are present.

EPA Reg. No. 70-179. For use on corn seeds. Kills seed-borne insects and fungi. Protects germinating seeds and seedlings against seed corn beetles and seed corn magots. Also provides added fungicidal protection at planting time. Kill-KO Seed Treater may be used on seeds previously treated with a full range of protective fungicides. For detailed protection of seed-borne insects, see directions on seed label.

KEEP PESTICIDE IN ORIGINAL CONTAINER. PESTICIDE CONTAINER WHEN EMPTY NEVER RE-FILL.

CONTAINS 20% CAPTAN.

KILL-KO Seed Treater is a formulation for use in the treatment of seeds to protect germinating seeds and seedlings against seed corn beetles and seed corn magots. Also provides added fungicidal protection at planting time. Kill-KO Seed Treater may be used on seeds previously treated with a full range of protective fungicides. For detailed protection of seed-borne insects, see directions on seed label.

DIRECTIONS

Apply to the seed at the time of planting. For detailed protection of seed-borne insects, see directions on seed label.

EPA Reg. No. 70-179

ACTIVE INGREDIENTS	BY WT.
Captan*	10%
0,0-diethyl 0-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate**	30%
INERT INGREDIENTS	60%

*N- (trichloromethyl)thio -4-cyclohexene-1,2-dicarboximide
 **Diazinon—trademark of Geigy Chemical Corp
 U.S. Patent No. 2,754,243

NET WEIGHT 1 POUND

WARNING:
KEEP OUT OF REACH OF CHILDREN.
