

USE AS A SPACE SPRAY

SPACE SPRAY IN BARN AND OTHER CLOSED ANIMAL QUARTERS: Close all windows and doors and apply FLY-AWAY DAIRY SPRAY (Ready-to-Use) to the room with a hand or power sprayer in a fine mist, at the rate of 2 ounces per 1000 cubic feet. Direct the spray toward the upper portions of the enclosure and fill the atmosphere with the spray mist. Keep closed for 15 minutes after spraying. This spray will kill House Flies, Stable Flies, Horse Flies, Mosquitoes and Gnats. Repeat application as needed to keep free of insects.

**CAUTION
COMBUSTIBLE MIXTURE**

Harmful if swallowed.

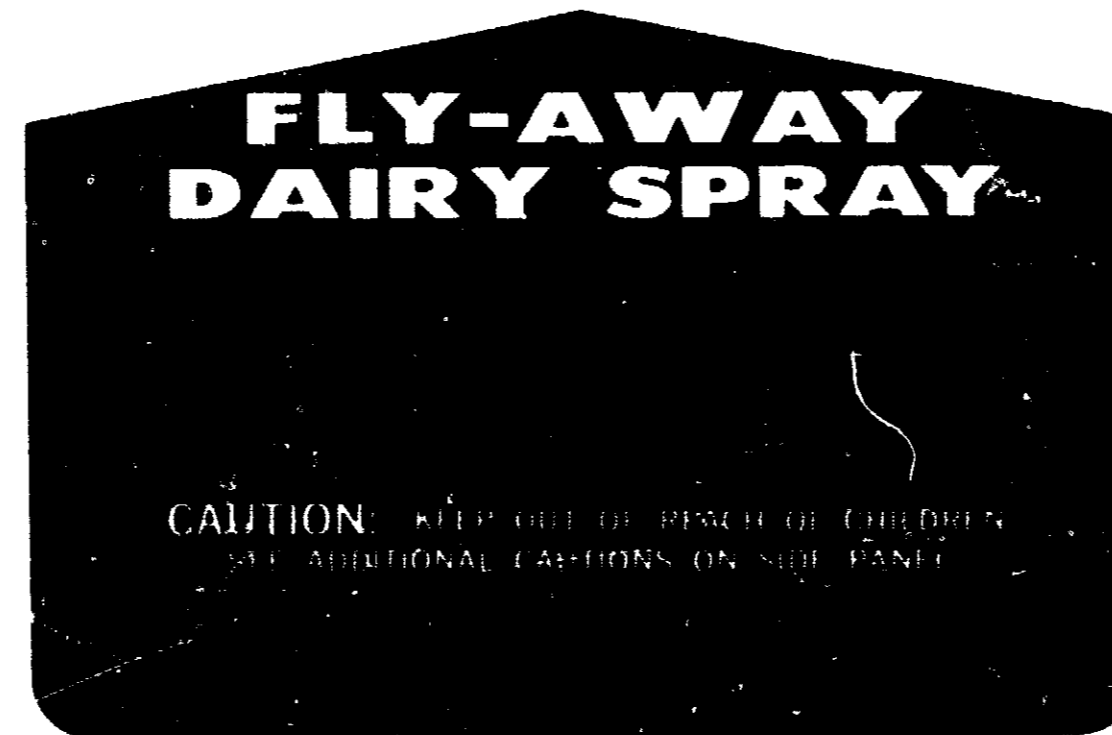

Do not spray, pour, spill or store near heat or open flame. Avoid wetting the hides of animals.

The use of this material being beyond our control and involving elements of risk to human beings, animals and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label.

88MINLS USDA Reg. No. 72-277 F.N. 2257 BATCH NO.

1 GALLON LIQUID

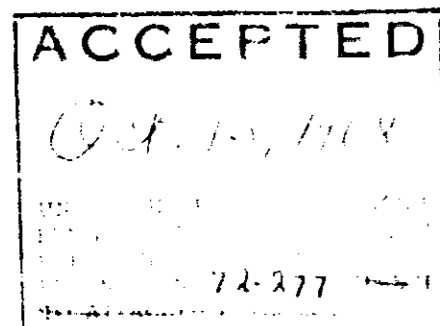

FLY-AWAY DAIRY SPRAY (Ready-to-Use) is especially designed for direct use on Dairy Animals, Cattle, Swine, Sheep and other Farm Animals, and will not contaminate milk or other animal products when used as directed.

FLY-AWAY DAIRY SPRAY (Ready-to-Use) kills and repels Horn Flies, Stable Flies, House Flies, Gnats and Mosquitoes, and provides protection against these insects during and after spraying. Also kills Horse Flies that are hit by the spray.

DIRECTIONS FOR USE

DAIRY CATTLE: Spray once daily at milking time using 1 to 2 ounces per head, applied as a light spray. May be used twice daily at the rate of 1 ounce per animal. FLY-AWAY DAIRY SPRAY (Ready-to-Use) can be applied with a hand or power sprayer.

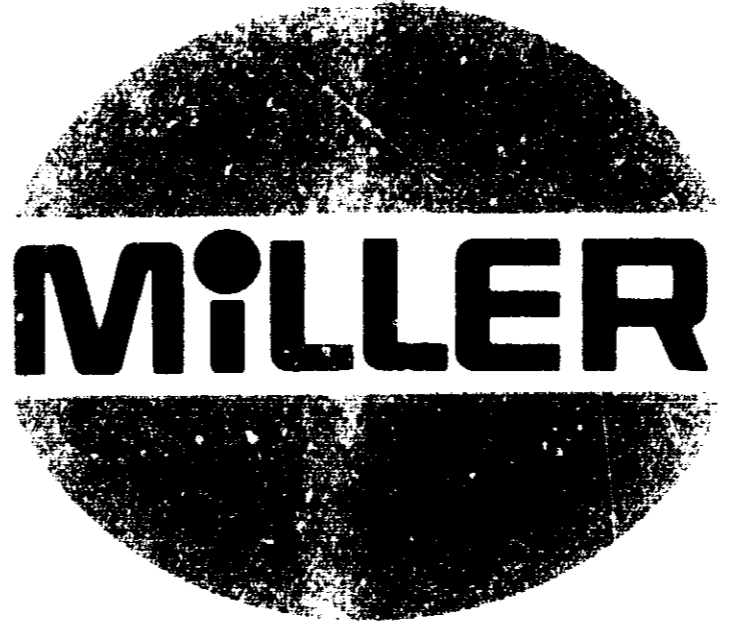

BEEF CATTLE, SWINE, SHEEP AND OTHER FARM ANIMALS: To protect animals against insects listed above, use 1 to 2 ounces of spray per head per mature beef animal, and 1/2 to 1 ounce per mature swine and sheep. May be used twice daily at the rate of 1 ounce per animal. For application directly on animals this spray must be applied as a fine mist. Avoid wetting the hides of animals.
