Dear Ms. Maitland:

Subject: Amendment - Label Improvement Program  
Miller Fly Spray  
EPA Registration No. 72-479  
Your Letter Dated June 27, 1985

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
  - a. You list isoparaffinic petroleum hydrocarbons as a solvent in your Confidential Statement of Formula but list it as "active" on the label. Include it in the total percentage of inert ingredients or submit data justifying its pesticidal activity. Since petroleum hydrocarbons can present an aspiration hazard, add the phrase "Contains petroleum distillates" immediately beneath the ingredient statement.
  - b. Due to the high petroleum/low toxicity of your product, we suggest you change the "If swallowed" statement to read, "Call a physician or Poison Control Center immediately. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia. In addition, you should add the statement under Note to Physicians: "Solvent presents aspiration hazard. Gastric lavage may be indicated if material was taken internally."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca  
Product Manager (15)  
Insecticide-Rodenticide Branch  
Registration Division (TS-767C)

CAUCIÓN

PRECAUCION AL USUARIO: Si usted no lee ingles, no use este producto hasta que la etiqueta haya sido explicado ampliamente.

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Call a physician or Poison Control Center. Induce vomiting immediately by giving two glasses of water and sticking a finger down throat. Do not induce vomiting or give anything to an unconscious or convulsing person.
- IF IN EYES: Flush with plenty of water. Get medical attention.
- IF ON SKIN: Remove contaminated clothing. Immediately wash affected area with soap and water. Launder clothing before reusing. Get medical attention if irritation persists.
- IF INHALED: Remove victim to fresh air. Apply respiration if indicated.
- NOTE TO PHYSICIAN: If symptoms of cholinesterase inhibition are present, Atropine is Antidotal. 2-PAM may be an effective adjunct to atropine.

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

## PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** CAUTION--Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with eyes, skin and clothing. Avoid breathing vapors - spray mist. Wash thoroughly after handling. Wash hands, face and arms with soap and water before eating and smoking. Wear gloves and long-sleeved work clothing. Change to clean clothing daily. Wash all clothing with soap and water before reuse. Keep children and pets out of treated areas. Do not contaminate food or feed.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and wildlife. Birds and other wildlife feeding in treated areas may be killed. Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from areas treated. Apply this product only as specified on this label.

## PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame. Keep Container Closed.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

## STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in tightly closed, original container in a locked area away from children and domestic animals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Do not cut or weld metal containers. Do not reuse empty container. Plastic containers may be incinerated or burned if allowed by state and local authorities. If burned, stay out of smoke. Do not reuse empty container.

## DIRECTIONS

**CAUTION:** Do NOT apply this product to horses. Do NOT wet the skin due to possible skin irritation. Do not apply regularly to calves under 6 months of age. Brahman cattle should not be treated as they may show hypersensitivity to organic phosphates.

**MILLER FLY SPRAY Ready-To-Use** is specially prepared for use in conventional hand, power or automatic spray equipment.

**DAIRY AND BEEF CATTLE:** For Control of House Fly, Horn Fly, Stable Fly and Face Fly: Apply at any time. Dairy cattle can be sprayed before or after milking. Apply a light application daily as a fine mist. Spray all parts of the animal thoroughly. Do NOT apply more than 2 fluid ounces per animal per day.

**SWINE, SHEEP, GOATS:** For Control of House Fly, Horn Fly, Stable Fly and Face Fly: Apply at any time. Apply a light application daily as a fine mist. Spray all parts of the animal thoroughly. Do NOT apply more than 1 fluid ounce per animal per day.

**LIMITED WARRANTY:** The use of this material being beyond our control and involving elements of risk to human beings, animals and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label.
